### Required or Recommended Materials

2. **Handouts**: Additional handouts may be required. Instructor will provide information on obtaining this material.

   **Software**: No specific software will be needed for this course.

### Evaluation Procedures

Total points will be computed as follows.

- Assignments: 600
- Labs: 400
- Total: 1000 Points
**Discussion Board:** The course Discussion Board is a tool that allows us to communicate with each other in an asynchronous manner. Throughout the semester various questions will be placed on the board. To get maximum credit it is expected that your initial response be at least two paragraphs. It is also strongly encouraged that you respond to the posts of your fellow students (note: in the event there is one student in the class the discussion board will still be used as a way for the student and teacher to communicate ideas). Using the discussion board is easier than sending back and forth e-mails.

*Points awarded via Assignments and Projects.*

**Assignments:** The assignments are a way of reinforcing what you are studying in the course. *600 points*

**Labs:** There will be *five* labs where you will hand code your site. *400 points*

**Grading Scale**

Grades for the course will be assigned using the following scale:

- **A** 90 - 100%
- **B** 80 - 89%
- **C** 70 - 79%
- **D** 60 - 69%
- **F** 0 - 59%

**Exams and Assignments**

There are no tests in this class. Yea!!!

**Withdrawal Policy**

If you are unable to complete this course, it is your responsibility to withdraw formally. The withdrawal request must be received in the Registrar’s Office by **Thursday, August 01, 2013**. Failure to do so will result in your receiving a performance grade, usually an “F.” If you drop a class or withdraw from the college before the official drop/withdrawal deadline, you will receive a “W” (Withdraw) in each class dropped. See institutional policies for additional information on withdrawals.

**Attendance Policy**

Students are expected to meet all deadlines and must be actively participating in the course.

**Assignments**

All assignments and labs will be submitted through eCampus. You will have one-week grace period to submit your assignments and labs. You will be assessed a penalty for each day it is late one-week after the due date on the schedule. Remember the worst grade you can get is a zero so always turn in your work-even if it is late.

**Posting of Grades**

Grades will be posted under My Grades in Blackboard.

Sign up for DCCCD Emergency Alerts to receive a text-message, e-mail and/or phone call when there is an unscheduled evacuation or closure of a DCCCD campus or office because of weather closures, utility outages, police or other emergencies. Subscribing is free, but standard text message charges from your cell phone provider will apply. Please refer to: http://www.dcccd.edu/SS/OnlineSvs/EmergAlerts/Pages/default.aspx

Financial Aid
Students who are receiving any form of financial aid should check with the Financial Aid Office prior to withdrawing from classes. Stop Before you Drop

For students who enrolled in college level courses for the first time in the fall of 2007, Texas Education Code 51.907 limits the number of courses a student may drop.

You may drop no more than six courses during your entire undergraduate career unless the drop qualifies as an exception. Your campus counseling/advising center will give you more information on the allowable exceptions.

Remember that once you have accumulated six non-exempt drops, you cannot drop any other courses with a “W”. Therefore, please exercise caution when dropping courses in any Texas public institution of higher learning, including all seven of the Dallas County Community Colleges.
