The student will receive a grade for clinical performance, the written clinical assignments (Major Care Plan and Teaching Plan) and preclinical skills performance. The grade earned for clinical performance, written assignments and preclinical skills will determine the overall clinical grade for the course. In addition, the student must earn a minimum of 76 on the clinical evaluation tool and participate in Service Learning in order to pass this course.

Grading criteria for RNSG 1362 is based on the following:

1. Clinical evaluation (40% of grade)

6. Evaluation of clinical performance

Evaluation of clinical performance is rated on a 0-4 scale, and is reflected in the clinical evaluation tool. The clinical evaluation tool identifies behaviors that must be met in order for the student to achieve a passing evaluation grade of 76%. In order to progress to the next nursing course, a 76% must be earned on the clinical evaluation. All students will be evaluated formally twice a semester, once at midterm and again at the end of the semester.

In the event that a student exhibits unsafe or unacceptable behaviors, or if a failing grade is earned on the clinical evaluation tool at midterm, a Progress Record will be initiated. The student will be given opportunity to improve clinical performance. If the unacceptable behavior is continued, a Formal Learning Contract will be initiated. This Formal Learning Contract will describe the behavior, identify how the student should improve, and specify a time for the improvement to occur. If the behavior does not improve, the student will fail the clinical course.

7. Service Learning (Mandatory Requirement; Pass/Fail)

Student Life/SPAR endorses holistic learning and facilitates experiences in which students can grow toward their full potential. The service-learning component of the clinical hours offers partnerships between academia and community agencies and to extend learning beyond the traditional classroom. Sixteen hours of service are required. You must have approval by your clinical teacher regarding the service learning activity of your choice. The Student Life/SPAR office has contracts with many community agencies. Most places have an orientation requirement therefore, starting your hours early is recommended. There is a reflection paper due the last clinical day. Failure to meet your service learning means you did not meet the clinical objectives and results in course failure.

Grading Ranges for Course Grade:
A: 90 – 100
B: 81 – 89
C: 76 – 80 *
D: 65 –75
F: less than 65

*Students must successfully complete RNSG 1362 with an average grade of 76 or above to pass the course and progress to the next level.
