Learnsmart assignments are through the McGraw-Hill Connect sociology online tools and should always be accessed through eCampus (not the McGraw-Hill website). If difficulties with the Learnsmart assignments, exams or Blackboard/eCampus occur contact technical support before contacting the instructor.

The DCCCD drop date without a “W” is Thursday, November 12, 2015.
The last day to drop a class with a “W” is Tuesday, December 8, 2015.

EXTRA CREDIT
While extra credit opportunities are offered in the course, extra credit is a privilege not a right. Students may earn a maximum of 20 points of extra credit.
STUDENT REGISTRATION FOR CONNECT THROUGH BLACKBOARD

1. Sign into your school’s Blackboard.
2. Go to your instructor’s course.
3. Go to the "Tools" menu.
5. Below "My Connect Section", click Go to My Connect Section.
6. Follow the on-screen instructions to register.

LEARNING OUTCOMES: After completing this course, students should be able to:

- Define sociology and identify early sociologist and their work.
- Use their sociological imagination when looking at social problems.
- Define sociological terms, theories, and perspectives.
- Define the components of social structure and identify the functions and impact of major social institutions (i.e. family, education, religion) in society.
- Examine social stratification and social mobility in relation to race and ethnicity, sex and gender, prejudice and discrimination, minority-majority groups, work and economy, and social class.

EXAMS

Students are required to complete six (6) Chapter Exams (including the final) worth 100 points each. Exams will consist of multiple choice, fill in the blank, matching short answer and essay questions. Exam questions will be drawn from assigned chapters in the textbook, PowerPoint’s, handouts, and videos/films. Students will have 40-60 minutes to complete each exam. Exams are timed, must be completed in one sitting and can only be taken once. So, when taking exams be sure to watch your time. Students who go over the allotted time will incur a reduction in their final score. All exams are due by 10:00 p.m. on the date listed in the course calendar.

FINAL EXAM: All students are required to take the Final Exam (e.g. Test #6) by or on the last day of class at 12:00 p.m. The Final Exam covers chapters 11 & 14 and is not comprehensive. Students are not allowed to make up the final exam (no exceptions).

NOTE: There are no make-up exams for this course. If you get locked out of a test contact technical support immediately to address the issue (e.g. case #). Once the test date/deadline has passed I cannot re-open the exam regardless of the reason. Therefore it is prudent for you to take the chapter exams in enough time prior to the due date(s), which will allow you time to alert technical support and me if you get locked out, or have computer problems. This will also give me time to read your email, contact technical support with your case number, and if an error has been identified to re-set the test prior to the deadline.

Tests will be made available in eCampus two days prior to the date listed in the syllabus/course calendar. Remember, once the deadline has passed I cannot re-open a test for anyone to take it on-line. You may use your notes and textbook for your mandatory Learnsmart homework assignments only. It is best to take your chapter exams/tests on a desk top computer (See “Hints for Test Taking Online on pg. 4 of the syllabus). You may get bumped off a lap top.

CAMPUS EMERGENCY OPERATION PLAN AND CONTINGENCY PLAN

Campus Emergency Operation Plan:
Richland College and the Dallas County Community College District have developed policies and procedures for dealing with emergencies that may occur on campus. To familiarize yourself with these procedures, please take time to watch the overview video:
http://video.dcccd.edu/rtv/DO/emergency_dcccd.wmv
The complete Emergency Operations Plan can be viewed and printed at the following website:
http://www.richlandcollege.edu/emergency
If you have questions or concerns, please contact the Richland College Office of Emergency Management. This office can be reached by phone (972/238-3794) or by e-mail (rlcoem@dcccd.edu)

Contingency Plan:
Richland College has developed an Instructional Contingency Plan for Temporary College Closing for On-Campus Courses. Please discuss this contingency plan with your instructor.

Hints on Test Taking on Line:

1. eCampus advises that you do not take your practice and test quizzes on a wireless connection. If you have a few idle moments of no activity on your laptop (stay on the page too long), you could lose your connection and be locked out of the quiz.
2. It is best to take your practice-quizzes and test-quizzes in one setting and not try to save and come back to them because you may get locked out. Complete your practice and test-quizzes and submit within one setting.
3. Be mindful of your time limits.
4. eCampus also advises that during the hours of 3 am to 6 am the eCampus staff performs maintenance on the system. During this time there is a good possibility of service interruptions as they perform fine tuning, patch updates, backups and restored procedures. It is recommended that you do not take your practice-quizzes or test quizzes during those hours because an interruption of service, even for a second or two, will lock you of the quiz.
5. If you are on your computer when you decide you are ready to take your practice or test quiz, be sure to completely log off and then log back onto your computer and eCampus. This procedure will lessen your chances of getting bumped off.
6. If you want to view your feedback from the test quizzes:
Go to Grades...
Click on your number grade in the first screen. Next, click on your number grade again in the second screen. The test should come into view with the correct answers and any feedback.

Want to Know Your Final Grade? Students may acquire their final grades online through eConnect at the Richland College website.
