Course Description
ESOL 0062   ESOL Grammar (2)
Prerequisite: Student must have successfully completed ESOL 0061 or placed into course through appropriate assessment.
This second grammar course reviews elements of English grammar introduced in ESOL 0061 and introduces the following grammar and mechanics points: capitalization and basic end punctuation, count/non-count nouns and articles, prepositions, present perfect and present perfect progressive verb tenses, modals, gerunds and infinitives, and adjective clauses. These grammar points are necessary for writing correct sentences and paragraphs. (1 Lec., 3 Lab.)

Student Learning Outcomes
At the end of the course, each student should be able to
1. Correctly indentify and form sentences using basic verb tenses, including simple, progressive (present & past) and present perfect forms
2. Correctly identify the meaning and use of various parts of speech including: nouns, pronouns, modal verbs, adjectives, adverbs of frequency, and quantifiers.
3. Develop vocabulary and grammatical knowledge necessary for writing sentences and for reading & listening comprehension.
4. Use appropriate word order with proficiency.

Course Procedure
This course consists of 1-lecture hour + 3-lab hours per week. (Daytime FLEX courses that meet 4 days a week are really twice this amount per week). In this course, you will be doing a variety of learning activities. 1 hour of Lecture and 2 hours of lab will consist of activities within the regular classroom. The 3rd lab hour will consist of out-of-class assignments. Participation and completion of all lecture and lab activities and assignments will contribute to your final grade. You will be given a list of outside lab assignments that you should complete in a timely manner each week. Completion of all outside lab assignments will count 20% toward your final grade.

In this course, there will be:
1. Individual and group exercises
2. Some readings featuring certain points of grammar
3. Short lectures and videos to go over some grammar rules
4. Reading & Vocabulary homework as assigned online
5. Lab assignments online at this website: http://www.myenglishlab.com/courses-next-generation-grammar.html
6. Unit Tests online as assigned
Attendance Policy for this course
You are expected to attend all classes and to be on time. If you cannot attend a class, you are still responsible for knowing the material that was discussed in class and for the homework that was assigned. You will be allowed 3 absences with no penalty. However, 2 points will be deducted from your final average for each additional absence.

EXIT Exam for ESOL 0062 Grammar: During the last week of this course (Wednesday, October 15) students will take a comprehensive multiple-choice test that covers all the material that you will study from the Next Generation 2 book including the lab assignments. All students must complete all of their homework and lab assignments before they will be allowed to take the EXIT test. If you pass this exam with a score of 80% or higher and also complete the course requirements, you will receive one of these grades: A, B, or C. However, you will receive an “E” grade if you don’t score 75% or higher. Students receiving an “E” will need to repeat this course, or possibly repeat a lower level course. An E grade means that in spite of your hard work and good attendance, you still have not yet mastered all the skills you need to be successful in the advanced levels of ESOL. Nevertheless, an E grade will not hurt your grade point average.

Course Evaluation

STOP BEFORE YOU DROP
For students who enrolled in college level courses for the first time in the fall of 2007, Texas Education Code 51.907 limits the number of courses a student may drop. You may drop no more than 6 courses during your entire undergraduate career unless the drop qualifies as an exception. Your campus counseling/advising center will give you more information on the allowable exceptions. Remember that once you have accumulated 6 non-exempt drops, you cannot drop any other courses with a “W”. Therefore, please exercise caution when dropping courses in any Texas public institution of higher learning, including all seven of the Dallas County Community Colleges. For more information, you may access: https://www1.dcccd.edu/catalog/ss/oep/dw.cfm

Financial Aid:
If you are receiving financial aid grants or loans, you must begin attendance in all classes. Do not drop or stop attending any class without consulting the Financial Aid Office. Changes in your enrollment level and failing grades may require that you repay financial aid funds.

The Texas Success Initiative (TSI)
The Texas Success Initiative (TSI) is a statewide program designed to ensure that students enrolled in Texas public colleges and universities have the basic academic skills needed to be successful in college-level course work. The TSI requires assessment, remediation (if necessary), and advising of students who attend a public college or university in the state of Texas. The program assesses a student's basic academic skills in reading, writing, and math. Passing the assessment is a prerequisite for enrollment in many college level classes. Students who do not meet assessment standards may complete prerequisite requirements by taking developmental courses in the deficient area and passing them with a grade of C or higher. Additional information is available at http://www.mountainviewcollege.edu/studservices/studsucccess/acadadvisetsi/Pages/Archive%20Pages/TSI.aspx

Religious Holidays:
Absences for observance of a religious holy day are excused. A student whose absence is excused to observe a religious holy day is allowed to take a make-up examination or complete an assignment within a reasonable time after the absence.

ADA Statement:
If you are a student with a disability and/or special needs who requires accommodations, please contact the college Disability Services Office below.
Mountain View College Disability Services
Office: S-2080
Phone: 214-860-8677
Relay Texas: 800-735-2988
The Disability Services/Special Services Office offers a variety of support services for students with disabilities. Students requesting services are responsible for providing current educational or psychological/medical documentation from a qualified professional verifying the disability and the need for services. For additional information, contact the Disability Services/Special Services Office at Mountain View College or see http://www.mountainviewcollege.edu/studservices/studsuccess/disabilityservices/Pages/default.aspx

Code of Student Conduct
The purpose of policies about student conduct and discipline are to provide guidelines for the educational environment of Mountain View College and the DCCC. This environment views students in a holistic manner, encouraging and inviting them to learn and grow independently. Such an environment presupposes both rights and responsibilities. Free inquiry and expression are essential parts of this freedom to learn, to grow, and to develop. However, this environment also demands appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students must exercise these freedoms with responsibility. All students shall obey the law, show respect for properly constituted authority, and observe correct standards of conduct. Any student violating the Student Code of Conduct shall be subject to disciplinary sanctions including suspension in accordance with DCCCD Board Policy. https://www1.dcccd.edu/catalog/ss/code.cfm?view=org

Academic Honesty:
Academic honesty is expected, and integrity is valued in the Dallas County Community Colleges. Scholastic dishonesty is a violation of the Code of Student Conduct. Scholastic dishonesty includes, but is not limited to, cheating on a test, plagiarism, and collusion. As a college student, you are considered a responsible adult. Your enrollment indicates acceptance of the DCCCD Code of Student Conduct found in the link above.

Equal Opportunity
Educational opportunities are offered by Mountain View College without regard to race, color, age, national origin, religion, sex, disability or sexual orientation.
