REQUIRED MATERIALS:
Linux+ Guide to Linux Cert (w/CD & Access Code); Edition: 3rd; Author: Eckert; ISBN: 9781418837211; Copyright Year: 2012; Publisher: Course Technology

You can purchase this book from:
- From the Brookhaven College Bookstore (phone 972-484-7652).
- Or visit eFollett.com online

If you are planning to purchase the book bundle in person you are strongly advised NOT to visit any other bookstore other than the listed. This course is taught a number of different ways at other DCCCD campuses and they often use different books than those needed for this specific course, even though the course name and number is identical. Avoid getting the wrong materials by simply avoiding those bookstores.

Note: shipping delay is NOT a legitimate excuse for submitting late work.

General Course Policies:
- You may not turn in an assignment more than one time for credit (i.e. Don't correct mistakes and re-submit). Do not email assignments.
- Tests are on-line and may be taken after they are posted. Your Course Schedule has test dates. You may not repeat a test for a higher grade. You may not work with another student, also test are timed. Different people get different versions of the tests, so it won't help you anyway.
- All of your coursework must be completed by the last course day (as noted in the Course Schedule). Your instructor must submit your final course grade to the Brookhaven Registrar on the next day, so it will do you no good to submit work or take a test after that point.
- Grades in the online gradebook are posted for your convenience and may not actual grade in the course. If you have questions regarding your grade please contact your instructor.
- Coursework submitting without the proper header, see grading rubric, will not be graded and receive a zero in the gradebook.
