Calculus for Business and Social Sciences
MATH 1325.63432(93411)
SPRING 2016
03/21/16 – 05/12/16

Professor: Kumars Ranjbaran
Email: kranjb_math@dccc.edu
Office Phone Number: (214) 860 – 8854
Office Number: W191b
Office Hours: TBA
Meeting Days & Time: Online
Room Number: N/A
Credit Hours: 3 semester hours

Division: Science, Technology, Engineering, & Mathematics (STEM)
Office Hours: M – F 8:00 am – 5:00 pm
Office Phone: 214-860-8760
Office Number: W147

Both Mountain View College and your instructor reserve the right to make modifications in content, schedule, and requirements as necessary to promote the best education possible within prevailing conditions affecting this course.

Course Description: Limits and continuity, derivatives, graphing and optimization, exponential and logarithmic functions, antiderivatives, integration, applications to management, economics, and business. This course is cross-listed as MATH 1425. The student may register for either MATH 1325 or MATH 1425 but may receive credit for only one of the two.

Course Pre-requisites: MATH 1324 or MATH 1314.

Course Materials/Supplies Needed
Required: Student Kit by Pearson is called MyMathLab. This may be purchased through Follet Bookstores http://www.efollett.com, or you may purchase this software online by going to http://www.coursecompass.com

SOLUTION MANUAL (9780321946775)
TI – 83 PLUS OR TI-84 PLUS CALCULATOR REQUIRED
Course Information
Course ID: ranjbaran58723

Student Learning Outcomes
After successful completion of this course the student should be able to:
1. Determine the limit of a function
2. Find the derivative using the derivative definition
3. Find the equation of the tangent line to the curve at a point
4. Find the derivative of a function using the appropriate differentiation rule
5. Find and interpret the marginal cost, marginal revenue and marginal profit
6. Find and interpret the marginal average cost, marginal average revenue, and marginal average profit
7. Use the first and second derivative to find local minimums and maximums and inflection points
8. Use the first and second derivative to construct a graph
9. Determine the optimum solution for an application problem
10. Apply The Fundamental Theorem of Calculus to evaluate a definite integral
11. Use integration techniques to evaluate definite integrals
12. Solve application problems utilizing integration and finding areas between curves

Course Outline:
Chapter 10 Limits and the Derivative
Chapter 11 Additional Derivative Topics
Chapter 12 Graphing and Optimization
Chapter 13 Integration
Chapter 14 Additional Integration Topics
Chapter 15 Multivariable Calculus

Instructor Attendance Policy:
Students are expected to attend all classes. Students have the responsibility to attend class and to consult with the instructor when an absence occurs. If for some reason you must leave class early, you should inform the instructor prior to the start of class of your reason for leaving early.

Students must begin attendance in all classes of enrollment. No exceptions. Financial Aid will not be granted to students who have been certified as not attending, by the certification date. For this lecture course, your physical participation in class, on or before the certification date will allow you to receive credit for FA purposes. For certification dates, check with the division or FAO for further information. Students, who are not certified as beginning class, are responsible for any payments due as a result of non-certification, to include the dropping of courses.

Evaluation Procedures:
Assessment & Evaluation Procedures of Course Learning Outcomes
Evaluation, Grading, & Expectations
COURSE GRADE
The course grade is determined by the following components:
1. Homework
2. Practice Tests
3. Tests & Final Exam

1. HOMEWORK:
Homework is the most important learning tool in a course. Once you login to Coursecompass.com, you should follow these steps: 1. Click on DMAT-0305, on the left hand side. 2. Click on the DO HOMEWORK tab, and you will see the list of your homework assignment with the due date next to each assignment.
There is no penalty for making mistake when you are working on your homework problems. As long as you click on the similar exercises tab, and you solve the problem correctly, you will receive the full credit for that problem. You have up 3 chances, to receive the full credit for the problems.

2. PRACTICE TESTS:
Practice Tests are uploaded into MyMathLab. After you have taken and passed the practice test, then you are ready to take a test. There are a total of 3 PRACTICE TESTS, and you are allowed to take each of the practice tests up to 3 times, and your highest score will be recorded.

Your practice Tests are all online, and in order for you to take them you should go to MyMathLab.com, and click on Assignment tab. Please, use the planner, on the last page of this syllabus to make sure about the due date of these tests. You are able to print your Practice Test, after completing of your first attempt. One of the lowest Practice test grades will be Dropped.

3. TESTS:
There will be 2 major tests, in addition to a comprehensive final exam.
Your Tests are all online, and in order for you to take them you should go to MyMathLab.com, and click on Take a Test tab. Please, use the planner, on the last page of this syllabus to make sure about the due date of these tests. One of the lowest Test grade will be dropped.

THE DUE DATES ARE SET IN STONE, FOR PRACTICE TESTS, AND THE TESTS!!!

COMPUTING YOUR GRADE:
The course grade will be determined as follows:
Homework: 25%
Practice Tests: 15%
Tests: 60%

FORMULA:
Course Grade = (H.W. * 0.25) + (Ave. of Practice Tests * 0.15) + (Ave. Tests * 0.60)
Grading Scale:

<table>
<thead>
<tr>
<th>Score Range</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>A</td>
</tr>
<tr>
<td>80-89</td>
<td>B</td>
</tr>
<tr>
<td>70-79</td>
<td>C</td>
</tr>
<tr>
<td>65-69</td>
<td>D</td>
</tr>
<tr>
<td>65 or less</td>
<td>F</td>
</tr>
</tbody>
</table>

Late Work Policy:
None

Makeup Exam Policy:
None.

Unless in emergency cases, such as Natural disaster, Hospitalization, and etc…
For every one of these cases, a proper documentation is required for granting a Makeup Exam.

Electronic Devices:
Scientific Calculator.

Certification Procedures: (For Online Courses)
Please, reply to this email(kranjb_math@dccc.edu), by the CENSUS DAY, which is Tuesday, March 29th, 2016, with the following information:

1. First and last name, as it appear in your admission enrollment papers.
2. An alternate email address, if it is available
3. A phone number, and a time that I can reach you. If you are not in the Central Zone, please indicate your time Zone.

DROP POLICY
You are expected to participate in class regularly. You need to consult with the instructor when absences (course inactivity) are necessary for any extended period of time. If you are unable to complete this course, you must officially withdraw by Friday, April 29th, 2016. Withdrawing is a formal procedure which you must initiate; your instructor cannot do this for you.

The process can be done by mail or email, however, if started soon enough. You must call the counseling center from your home campus. For Mountain View students that is 214-860-3632. Be sure to e-mail your instructor if you have questions or concerns before dropping the course.

Students registered through the Dallas TeleCollege (open enrollment) can find drop information under the "admissions" section of the TeleCollege web page.

If you stop participating and do not withdraw, you will receive a performance grade, usually an F. If you are considering dropping this class, please discuss it with me or with a counselor. Often there are other alternatives. We want to help you explore all the alternatives before you drop the course.

All Dallas County Community Colleges charge a higher tuition rate to students registering the third time for a course. This rule applies to the majority of credit and Continuing Education / Workforce Training courses. Developmental Studies and some other courses are not charged a higher tuition rate. Third attempts include courses taken at any DCCC college since the fall 2002 semester. For further information, go online to: http://www.DCCCD.edu/thirdcourseattempt.

The withdraw date for this class is Friday, April 29th, 2016.
**Academic Dishonesty:**
Students that caught plagiarizing an assignment will be subject to an “F” in the course and possible expulsion from the college.

Academic honesty is expected, and integrity is valued in the Dallas County Community Colleges. Scholastic dishonesty is a violation of the Code of Student Conduct. Scholastic dishonesty includes, but is not limited to, cheating on a test, plagiarism, and collusion. As a college student, you are considered a responsible adult. Your enrollment indicates acceptance of the DCCCD Code of Student Conduct published in the DCCCD Catalog. More information is available at [https://www1.dcccd.edu/catalog/ss/code.cfm](https://www1.dcccd.edu/catalog/ss/code.cfm).

**Institution Policies:** Please visit [http://www.mountainviewcollege.edu/Academics/Documents/Institutional%20Policies.pdf](http://www.mountainviewcollege.edu/Academics/Documents/Institutional%20Policies.pdf) for a complete list of institutional policies (Stop Before You Drop; Withdrawal Policy; Repeating a Course; Financial Aid; Academic Dishonesty; Americans with Disabilities Act Statement; Religious Holidays; and Campus Emergency Operation Plan and Contingency Plan.).

All your homework is due Tuesday, May 10th, 2016, by midnight.

The following is a suggested schedule for you to be ready to take your Tests, and practice Tests on time. You can do one or five sections per day, depending on your own pace.
