Class Time and Location: July 11 - August 10
Lecture: 7:40-9:40pm MTWR C260
Lab: 5:30-7:30pm MTWR C301
*We will have one Friday class July 14th.

Instructor: Name: Elizabeth Samuel, MS
E-mail Address: elizabethsamuel@dccc.edu

Course Description (4 Credit Hours): TCCNS: BIOL 2402: Anatomy and Physiology II 2014
Core Curriculum Foundational Component Area: 030 Life and Physical Sciences
This is the second course of a two course sequence. Structure and function as related to the human
circulatory, respiratory, urinary, digestive, reproductive, and endocrine systems are studied. Emphasis is
placed on the interrelationships of these systems. This is a transferable course intended for those seeking
to complete a Bachelor's Degree. (3 Lec., 3 Lab.)
Coordinating Board Academic Approval Number 26.0707.51 03

Prerequisites:
Biology 2401. One of the following must be met: (1) Developmental Reading 0093 AND
Developmental Writing 0093; (2) English as a Second Language (ESOL) 0044 AND 0054; or (3)
have met Texas Success Initiative (TSI) Reading and Writing standards AND DCCCD Writing
score prerequisite requirement.

Textbooks:
A. Required:
Human Anatomy and Physiology with Mastering A & P, 10th edition Hardback edition, 
Marieb, E. N. and Hoehn, K., Pearson, 2016, San Francisco,
ISBN #9780321927026.

OR

Human Anatomy and Physiology with Mastering A & P, 10th edition Paperback binder ready edition, 
Marieb, E. N. and Hoehn, K., Pearson, 2016, San Francisco,
ISBN #9780133994933.

Human Anatomy &Physiology: Visual Approach Laboratory Manual – 1st edition, Oliver, 
Core Objectives:
BIOL 2402 develops the following Core Objectives:

- **Critical Thinking** - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
- **Communication** - to include effective development, interpretation and expression of ideas through written, oral and visual communication.
- **Empirical and Quantitative Skills** - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions.
- **Teamwork** - to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.

Core Objective Development Statements: BIOL 2402 develops **Critical Thinking** and **Empirical and Quantitative Skills** by requiring students to research, analyze and interpret data derived from an experimental setting and drawing a well-informed conclusion of the data through the application of sound biological concepts.

Examples: research paper, case studies, lab report

BIOL 2402 develops **Teamwork** and **Communication** by requiring students to effectively work in a small group on an assigned problem, exercise or course concept that will then be presented in a written, oral or visual format.

Examples: lab experiment, group teaching of course topic, case study, group research project

Student Learning Outcomes:

Upon successful completion of this course, students will:
1. Learn basic anatomical and physiological terminology.
2. Learn the human structure at cellular, tissue, and system level (endocrine, circulatory, respiratory, digestive, urinary, reproductive systems for Biol 2402), and be able to identify major structures at human models and animal dissections.
3. Understand how body systems are interrelated to maintain the homeostasis as a whole.
4. Learn the concepts and mechanisms of normal physiological processes in endocrine, circulatory, respiratory, digestive, urinary, reproductive systems, and explain how those processes are impaired under abnormal conditions.
5. Perform relevant lab activities or tests to apply the learned physiological principles in professional cases.
6. Discuss the relevance of specific anatomical structures or their related functions to clinical applications to better understand the relationship between structure and function.

Evaluation Procedures:

**Exams**

3 Major lecture exams – 100 points each = 300 points
3 Laboratory exams – 100 points each = 300 points
Lecture Exams consist of matching, true/false, multiple choice and short answer essay. Students are expected to supply scantron answer forms for the lecture exams.

Laboratory Exams consist of fill-in-the-blank. There will NOT be a word bank. Open lab times are posted outside of the lab door. There are also models located at the circulation desk in the library.

*Make – up Exams
- There are NO make-up lecture exams. The final will count twice for any ONE missed exam with a documented excused absence. If a second exam is missed, this will result in a zero. If the final is missed, this will result in a zero. Any exam missed with an unexcused absence will result in a zero.
- There are NO make-up laboratory practicals. If a laboratory practical is missed, you will receive a grade of ZERO for the exam.
- Late students will not be permitted to enter an exam once it has begun. All exams will start on time.
- No cell phone out during examination/quizzes, doing so will cause the student to be dismissed from the exam/quiz and receive a grade of zero.

Final grade

Writing Across the Curriculum:
Science courses at Eastfield College follow a principle of “Writing Across the Curriculum.” Each course incorporates a writing element. Writing is a critical part of communication of ideas, and is important in the synthesis and analysis of scientific concepts. Writing in this course is accomplished through completion of the Team Case Study. Each question must be answered in complete sentences, using proper grammar, correct spellings, giving examples and details to support the statement.

Obtaining Final Course Grades Using eConnect:
Final Grade Reports are no longer mailed. Convenient access is available online at www.econnect.dcccd.edu. Use your identification number when you log onto eConnect, an online system developed by the DCCCD to provide you with timely information regarding your college record. Your grades will also be printed on your Student Advising Report, which is available in the Admissions Office.

Eastfield College Email Policy:
Faculty and students must have and use a DCCCD account for all correspondence relating to academic coursework. For information on setting up a DCCCD student email account go to: http://www.dcccd.edu/netmail/home.html

## Attendance Policy:

- Students are expected to attend all scheduled laboratory and lecture classes. Attendance is taken every class period.
- There are no make-up classes for laboratory exercises that are missed. You cannot attend another laboratory with another instructor to make-up the work.
- If you miss a lecture the student is responsible for obtaining that material from your classmates.
- Be on time, it is disruptive to other students when one is late for lecture.
- Be on time to lab, instructions are given at the beginning of lab periods. If the student misses the instructions or the entire lab, it is the student’s responsibility to obtain that material from your classmates.
- Your attendance is not graded in the course. Your course grade is based on performance on scheduled laboratory and lecture exams and assignments. **BUT,** when making final grade assignments for the semester, attendance will influence 1 or 2 point differences between borderline letter grades.

## Absences

- The only excused absences are for (1) Illness certified by a physician (2) Serious illness or death in the immediate family (3) Absences Sanctioned by the University. In the event...
of an excused absence, it is the responsibility of the student to provide proper documentation of the absence.

- Absences DO NOT exempt students from academic requirements. Excessive absences, even if documented, may result in a student failing the course

**Emergency/Inclement Weather Procedure:**
In case of emergency or inclement weather conditions, Eastfield students should listen to KEOM-FM Radio Station (88.5) as the primary media source. In partnership with the Mesquite Independent School District, Eastfield College Administration will notify KEOM immediately after a decision is made to cancel classes on any given day of inclement weather or for emergency purposes. Students may also monitor other local radio and television stations. The earliest an announcement may be broadcast on KEOM Radio is 6 a.m. Students may also refer to the Eastfield College web page www.eastfieldcollege.com for the Inclement Weather announcement under the Features area of the front page. The announcement will be posted immediately following the decision to close the college.

**Financial Aid Statement:**
Students who are receiving any form of financial aid should check with the Financial Aid Office prior to withdrawing from classes. Withdrawals may affect your eligibility to receive further aid and could cause you to be in a position of repayment for the current semester. **Students who fail to attend or participate after the drop date are also subject to this policy.**

**OR**

**Financial Aid Statement for Distance Learning Classes:**
If you are receiving Financial Aid grants or loans and are enrolled in a Distance Learning class, you must show participation in this class prior to the certification date by either e-mailing or contacting the instructor or logging on to eCampus. Do not drop or stop attending any class without consulting the Financial Aid Office. Changes in your enrollment level and failing grades may require that you repay financial aid funds.

**Repeating This Course: (Third Attempt to Enroll in a Course):**
Effective for Fall Semester 2005, the Dallas County Community Colleges will charge additional tuition to students registering the third or subsequent time for a course. All third and subsequent attempts of the majority of credit and Continuing Education/Workforce Training courses will result in additional tuition to be charged. Developmental Studies and some other courses will not be charged a higher tuition rate. Third attempts include courses taken at any of the Dallas County Community Colleges since the Fall 2002 Semester. **See Third Attempt to Enroll in a Course at:** http://www.dcccd.edu/thirdcourseattempt/

**Academic Honesty:**
Scholastic dishonesty is a violation of the Code of Student Conduct. Scholastic dishonesty includes, but is not limited to, cheating on a test, plagiarism, and collusion.

As a college student, you are considered a responsible adult. Your enrollment indicates acceptance of the **DCCCD Code of Student Conduct** published in the DCCCD Catalog at http://www1.dcccd.edu/cat0506/ss/code.cfm
Academic dishonesty includes, but is not limited to, cheating on tests, plagiarism and collusion. **Cheating** includes copying from another student’s test or homework paper, using materials not authorized, collaborating with or seeking aid from another student during a test, knowingly using, buying, selling, stealing, or soliciting the contents of an unadministered test, and substituting for another person to take a test. **Plagiarism** is the appropriating, buying, receiving as a gift, or obtaining by any means another’s work and the unacknowledged submission or incorporation of it in one’s own written work. **Collusion** is the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements. Academic dishonesty is a serious offense in college. You can be given a failing grade on an assignment or test, can be failed for the class, or you can even be suspended from college.

**Instructors include specific consequences should academic dishonesty occur.**

**Food and Drink Policy:**
Food, drinks, and tobacco products are prohibited in Eastfield College classrooms.

*Instructors, if you are teaching in a non-lab classroom, you may allow for food and drink, but you must comply with college requirement of a statement of responsibility from each student. See "Food and Drink Policy"*

**Food and Drink Policy Statement**
We the undersigned understand that bringing drinks and food into the college classroom is a privilege and a responsibility. Out of respect for other members of the Eastfield College community, we agree to take full responsibility for our actions. This includes but is not limited to removing cans, bottles, trash, etc. from the classroom when we leave, and depositing our trash in appropriate receptacles outside the classrooms. Also, we agree to clean up spills and, if special cleaning is needed, to contact appropriate college personnel immediately.”

[Faculty may add wording regarding the prohibition of certain kinds of foods, such as foods with strong odors, etc.]

The right and responsibility for setting classroom food and drink policy does not extend to classrooms or other areas where students and faculty are working directly with or around college property such as computers, lab materials, equipment, and/or college-owned books. Classroom and other spaces such as these will be restricted from the use of food and drink at all times for students and college personnel. In addition, the right and responsibility for setting classroom food and drink policy does not extend to items that are generally prohibited from the campus (e.g. alcohol, tobacco products).

**ADA Statement:**
Students with a physical, mental or learning disability who require accommodations should contact the college Disability Services Office in C237. Call 972.860.8348 or email efcdso@dcccd.edu. For more information: [http://www.eastfieldcollege.edu/SSI/DSO/index.html](http://www.eastfieldcollege.edu/SSI/DSO/index.html)

**Religious Holidays:**
Absences for observance of a religious holy day are excused. Notification of the absence must be given to the instructor in writing at least two weeks prior to the date of the holy day. A student whose absence is excused to observe a religious holy day is allowed to contract with the instructor to take a make-up examination or complete an assignment within a mutually agreed upon time after the absence.

**Withdrawal Policy:**
If you are unable to complete this course, it is your responsibility to withdraw formally. The withdrawal request must be received in the Registrar’s Office by 8/03. Failure to do so will result in your receiving a performance grade, usually an “F.” If you drop a class or withdraw from the college before the official drop/withdrawal deadline, you will receive a “W” (Withdraw) in each class dropped. For more information about drop deadlines, refer to the current printed Credit Class Schedule, contact the Admissions/Registrar’s Office at 972-860-7167 (Room C119), or contact the division office.

If you drop a class via eConnect, make sure to print a copy of the confirmation and keep the copy. In the event of a discrepancy it will be the responsibility of the student to provide documentation of having dropped the class.

STOP BEFORE YOU DROP:
For students who enrolled in college level courses for the first time in the fall of 2007, Texas Education Code 51.907 limits the number of courses a student may drop. You may drop no more than 6 courses during your entire undergraduate career unless the drop qualifies as an exception. Your campus counseling/advising center will give you more information on the allowable exceptions. Remember that once you have accumulated 6 non-exempt drops, you cannot drop any other courses with a “W”. Therefore, please exercise caution when dropping courses in any Texas public institution of higher learning, including all seven of the Dallas County Community Colleges. For more information, you may access: 
https://www1.dcccd.edu/coursedrops

Family Educational Rights and Privacy Act of 1974 (FERPA):
In compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), the College may release information classified as “directory information” to the general public without the written consent of the student. Directory information includes: (1) student name, (2) student address, (3) telephone numbers, (4) date and place of birth, (5) weight and height of members of athletic teams, (6) participation in officially recognized activities and sports, (7) dates of attendance, (8) educational institution most recently attended, and (9) other similar information, including major field of student and degrees and awards received. Students may protect their directory information at any time during the academic year. If no request is filed, directory information is released upon written inquiry. No telephone inquiries are acknowledged. No transcript or academic record is released without written consent from the student, except as specified by law.

Classroom Etiquette:
- Cellular phones are to be silenced before the class starts.
- Talking or Texting during lecture or during the lab instructions will cause you to be removed from the class.
- No Talking or Texting during lecture or lab exams.
- Disruptive students will be asked to leave the classroom.
- No cell phone out during examinations/quizzes. Doing so will cause the student to be dismissed from the exam/quiz and receive a grade of zero.

Children on Campus:
The institution strives to protect an environment most conducive to teaching and learning for all enrolled students. Children who are taking part in organized scheduled activities or who are enrolled in specific classes are welcomed. Minor children, however, should not be brought to the institution unless closely supervised by their parent. Minor children should not be brought into classrooms, laboratories or other facilities of the college. This practice is disruptive to the learning process. In the case of an emergency where the student-parent has no alternative but to bring the child to campus, classroom faculty or the administrative heads of other units have full discretion as to whether a child may be allowed to quietly stay in the location. These individuals may require that children be removed by the student-parent from the setting if, in their opinion, the presence of the child is deemed to be disruptive to the learning process. For reasons of security and child welfare the institution will not permit unattended children to be left anywhere on the premises. Parents who have problems with childcare should visit the Counseling and/or Advisement Center to receive referrals to childcare services in the area.

**Title IX and Diversity:**

Eastfield College is committed to creating and fostering a learning and working environment that reflects, respects, and celebrates diversity. This is an integral part of the College’s mission to provide excellence in teaching and learning. If you encounter sexual harassment, sexual misconduct, sexual assault, or discrimination based on sex, sexual orientation, and/or gender identity, we encourage you to contact the college’s Title IX coordinator, Rachel Wolf (http://www.eastfieldcollege.edu/SSI/title-ix/report-incident). Additionally, if you feel comfortable doing so, you may discuss the incident with me. However, please be aware that while I will maintain your privacy, once you have shared information with me, I am required to share the basic facts of the incident with Ms. Wolf.

For more information about Title IX and the college’s policies, see the Eastfield College website: http://www.eastfieldcollege.edu/SSI/title-ix/index

The instructor reserves the right to amend this syllabus as necessary.
