Working with Course Content

All course work will be completed through GRTEP by Weekly units according to the Course Plan on page 6 of this Syllabus. Each Unit will contain four (4) Chapters or less will require completion of the following tasks:

- Read Learning Objectives (See Lecture Materials tab in GRTEP site)
- Post your Introduction (Week 1 Only)

Additional reading materials will be available online, linked through the instructor’s web site and can be accessed on the GRTEP Course Home page or through the Reading List link located in your Course Menu in eCampus. Prior reading is critical for achievement as an individual student in this course. The reading load in this course is doable—on average, assignments will run less than ten pages per class session. As a result, students are strongly expected to read the material carefully and think critically about the reading. Failure to read will result in lessened comprehension of course materials and poorer exam performance. On the other hand—those that read will greatly enhance their intellectual experience in the course, and enable him or her to contribute meaningfully to the course, as a whole.

PowerPoint’s and other supplemental resources are provided on the Lecture Materials page of your GRTEP Course site, organized by Chapter. These resources should be reviewed prior to completing your Assigned Textbook Readings.

Quizzes are timed and contain five (5) multiple-choice or identification type questions. Evaluations are formatted as short-answer essay questions and are not timed.

Developmental Courses

The Texas Success Initiative (TSI) is a statewide program designed to ensure that students enrolled in Texas public colleges and universities have the basic academic skills needed to be successful in college-level course work. The TSI requires assessment, remediation (if necessary), and advising of students who attend a public college or university in the state of Texas. The program assesses a student’s basic academic skills in reading, writing, and math. Passing the assessment is a prerequisite for enrollment in many college-level classes such as English 1301/1302, History 1301/1302, Math 1414, etc. Students who do not meet assessment standards may complete prerequisite requirements by taking developmental courses in the deficient area and passing them with a grade of C or higher. In some cases retesting will also be required. It is up to each student to be aware and informed about requirements that are subject to change. Additional information is available from the TSI Office.
