E. Market efficiency and market failure
F. Elasticity
G. Consumer behavior
H. Utility theory
I. The law of diminishing returns
J. Short run and long run costs of production
K. Pure competition
L. Pure monopoly
M. Monopolistic competition
N. Oligopoly
O. Demand for resources
P. Comparative advantage, trade, and trade barriers
Q. Exchange rates and exchange rate systems

VI. CORE / WECM / SCANS COPENTENCIES:
Economics 2302 satisfies the following Core Curriculum Intellectual Competencies defined by the Texas Higher Education Coordinating Board.

READING: the ability to analyze and interpret a variety of printed materials-above 12th grade level.
WRITING: the ability to produce clear, correct and coherent prose adapted to purpose, occasion and audience-above 12th grade level.
LISTENING: analyze and interpret various forms of spoken communications, possess sufficient literacy skills of writing and reading-above 12th grade level.
CRITICAL THINKING: think and analyze at a critical level.
COMPUTER LITERACY: understand our technological society, use computer-based technology in communications, problem solving, and acquiring information.

VII. SPECIFIC COURSE LEARNING OUTCOMES:
Economics as a field of study seeks to explore a series of ongoing issues and problems, which confront all of us in our daily lives as producers, consumers, and citizens. Economics seeks to provide some insight into the nature of these issues and problems and suggests possible solutions. When making decisions as producers, consumers, and citizens in the real world, however, we know we must face certain realities, such as limited resources; and the fact that every proposed solution has a cost. Economics seeks to deal with these realities as it pursues an ultimate goal of improving the overall quality of life that people might enjoy. In summary, as you move through this course it is hoped that a better understanding of the way the world "works" will emerge...along with some better ways to achieve an understanding world.

GRADE QUESTIONS: Students have every right to request an explanation of an assigned grade on any assignment. However, given various instructor responsibilities and time constraints it is expected that students will monitor their grades and course progress and request a review in a timely manner—i.e., within 5 days of the grade posting. The posted grade will become final at the end of the 5-day period.
YOUR ECONOMICS CLASS AND YOUR GRADE
The study of economics can be quite interesting, as it brings together aspects of social science, business, and mathematics in ways unlike any other field of study. I realize that many, if not most, of you are taking this class because it is a requirement for your degree plan. I hope that you look beyond the idea that you are taking this class strictly because it is required and take the time to really explore and appreciate the topics covered in this class, as many of them can be quite beneficial in both your future studies of a wide variety of other subjects and in expanding your outlook on important personal, domestic, and global issues.

I will help you out, to the best of my abilities, by answering any specific questions you may have about the course material and explaining any economic concepts you will encounter throughout this course. What I will NOT do is create extra credit assignments, allow you to retake quizzes or tests, or give you additional points just because you need extra points to raise your grade. Ultimately, the grade you receive in this class is the grade you EARN by devoting the requisite time to reading all course materials, working through all lesson exercises, studying all concepts covered in the class, and completing the required assignments. If your final course grade is important to you, as I assume it is to most students, whether it be for purposes of maintaining or raising your GPA, potential scholarships, or just personal satisfaction, you should keep this in mind from the first day of class as you work toward the successful completion of this course. Any requests (or dare I say, demands) I receive for unearned additional points will be summarily rejected.

GRADES
Grades for all assignments and tests will be available in the grade book at the Webcom web site. Click “gradebook” in the upper right-hand corner of the home page. Check to be sure your results are properly recorded.

EXTENSION POLICY (applies to ALL assignments and tests)
Course assignments must be submitted on-time. No makeup tests, quizzes, or discussion boards will be given. If a student is unable to take a scheduled test or quiz, please talk to me before the due date of the assignment. In addition, if a makeup assignment is allowed due to extenuating circumstances, it must be completed in a timely manner determined by the instructor.

NOTE: Regarding the previous paragraph ... At the heart of economics is the idea that we are all constantly faced with making choices. Economics is all about weighing the cost that must be paid and the risk that must be accepted when a choice is made to pursue a particular benefit that might or might not be obtained. Choosing to wait until the last minute to complete an assignment or a test is an example of accepting cost and risk. Please plan ahead when you are making choices about how to invest your time.

EXTENUATING CIRCUMSTANCES
Extenuating circumstances include a death in the family, hospitalization, car accident, etc. All circumstances must be accompanied by documentation as the Richland College Handbook states is Richland policy. Being sick or having computer issues are not extenuating circumstances. Extenuating circumstances are the only reason that a student may be allowed to make up an assignment.

ALL FINAL GRADES WILL BE POSTED ON THE DCCCD E-CONNECT SITE
X. EXAMS AND ASSIGNMENTS:
In this course you will find 4 units with 3 or 4 lessons in each—13 lessons total. Please note the assignments that are due for each lesson and unit and the posted deadlines. Lesson and unit assessments are timed. Please note carefully the instruction when you begin any assignment. You have the option of attempting each lesson quiz two times, but **please note that the grade you receive on your final attempt will be the grade you keep**, and that the questions for each quiz are randomly generated on each attempt. Opening a quiz or test counts as one attempt, even if you did not intend on completing the assignment at that time. The deadline for each quiz or unit test assignment is listed in the course schedule. Unit tests may only be taken once. The deadline for each assignment is 11:55 p.m. on the due dates listed. **Each assignment MUST BE COMPLETED by 11:55 p.m. on the listed due dates.** Dates and times are based on the U.S. Central Time Zone (Dallas, TX time zone)

SELF-PACED— This is **NOT** a completely self-paced course. You may work at your own pace within the individual lessons, only. The next unit or lesson will not be available until the preceding one has been finished, according to the posted calendar.

Each of the major (unit) tests has a 60 minute time limit. Each lesson quiz has a time limit of 20 minutes. Be sure that you have a “continuous and reliable” internet connection to complete each of these on-line tests (this also applies to the on-line quizzes). These types of connections (DSL, cable modem, T1, etc.) are available at many college, community, and business locations if one is not available at your residence.

DISCUSSION BOARD
The discussion board and assessment assignments will be explained in class.

ATTENDANCE / PARTICIPATION
Attendance and participation are worth a total of 100 points. **Attendance is based on students arriving to class on time and not leaving until class is adjourned.** Two absences are allowed without penalty. After two absences, 20 points will be deducted from your attendance / participation grade for each subsequent absence. Any student observed using an electronic device (computer, tablet, cellphone, etc.) in class will be marked as not having attended/participated on that class day.

XII. CLASSROOM POLICIES:

Use of Electronic Devices
Cell phones and all other electronic devices must be turned off while in class.
Laptop computers may only be used for taking class notes, however no headphones of any type may be connected to the computer while it is in use.

COURSE WEBSITES
To register your access code on the Webcom Website, use the following link:
www.grtep.com

The Webcom Website is where you will find all course materials, including the e-text, all supplemental class materials, and access to all graded assessments, including Quizzes, Tests, and Discussion Boards.

Remember, the delivery of all course materials, assignments and assessments will be digital and internet based—the course does not utilize a traditional textbook as the only instructional tool. All portions of the materials can be printed from your computer as well.

BE SURE TO ENTER YOUR CORRECT SECTION NUMBER WHEN YOU REGISTER WITH WEBCOM FOR THE COURSE MATERIALS. (See your fee receipt) If you have any difficulty registering in the Webcom system, contact:
websupport@greatrivertech.net

Also, please register on the eCampus (Blackboard) site as soon as it is available. You will be using both the eCampus and the Webcom site during the term.

Blackboard--Go to: http://ecampus.dcccd.edu/
Click “Login” and enter the letter “e” followed by your seven digit Student ID number for Username and for Password / Press Enter
Click on the “Courses” tab at the top of the page.
Your own BlackBoard (Bb) page will appear with your name and courses listed.
Click on the course name to enter the course.
To avoid “security problems” please change your Password after accessing the course.

Go to “Student Tools/Personal Information” and choose Change Password ... and be sure to verify/enter your own personal Email address under “Edit Personal Info”; don’t forget to click on “Submit” at the bottom of that page! The email address that you provide will be our primary means of communication regarding exams, deadlines, etc. during the semester. Also be sure to update your email address if it changes during the semester.

COURSE FORMAT
There are six components in each of the 13 Lessons within the 4 Units for your Macroeconomics course. Each Lesson follows this format:

1. Video Introduction
2. PowerPoint
3. E-Text
4. Practice Questions
5. Lesson Quiz -One Quiz per lesson-
6. Unit Test -One Test per unit-

The following Study Sequence will maximize your chances for success in each Lesson:
1. Watch the Video Introduction
2. Complete the Power Point presentation for each lesson.
3. Read all of the E-Text
4. Do the Practice review questions.
5. Review the topics that you did not fully understand. Contact your Instructor if you need help.
6. Actively participate in the discussion boards. This is part of your grade!
7. Complete the appropriate Lesson Quizzes and Unit Tests after completing your work on the designated set of Lessons ... and prior to the designated deadline!

XIII. ATTENDANCE POLICIES:
In order to be successful students must attend and participate in enrolled courses. Attendance is required for this class. See EVALUATION PROCEDURES section for complete details.

XIV. ACADEMIC PROGRESS
Students are encouraged to discuss academic goals and degree completion with their instructors. Specific advising is available throughout the semester. Check www.richlandcollege.edu/admissions/process.php for more details.
INSTITUTION POLICIES: Refer to the Richland College website:
www.richlandcollege.edu/syllabipolicies

*The following items are addendums to the above-referenced institution policies and apply
to this class:

*ACADEMIC HONESTY

The purpose of the Student Code of Conduct is to provide guidelines for the educational
environment of this college. Such an environment presupposes both rights and
responsibilities. Disciplinary regulations at the college are set forth in writing in order to give
students general notice of prohibited conduct. Academic dishonesty in any form in this course
will result in an “F.” This includes plagiarism.

*RELIGIOUS HOLIDAYS

Any absences due to religious holidays must be made known to your instructor during the first
7 days of the semester. ***Since this is a 100% online class, students who have a time conflict
with any of the listed deadlines due to religious holidays need to make sure the assignments
are completed prior to any time conflicts.***

Richland College’s Quality Enhancement Plan ~ Learning to Learn: Developing Learning
Power:

Richland College is piloting its Quality Enhancement Plan (QEP) in select classes. The QEP
provides techniques, practices, and tools to help students develop the habits, traits or
behaviors needed to be effective and successful lifelong learners in college and in life. For
