**Texas Core Objectives for Student Learning**

The College defines essential knowledge and skills that students need to develop during their college experience. These general education competencies parallel the Texas Core Objectives for Student Learning. In this course, the following skills are in focus.

1. **Critical Thinking Skills** - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
2. **Communication Skills** - to include effective development, interpretation and expression of ideas through written, oral and visual communication
3. **Empirical and Quantitative Skills** - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
4. **Teamwork** - to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal
5. **Personal Responsibility** - to include the ability to connect choices, actions and consequences to ethical decision-making
6. **Social Responsibility**: to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global community

**Student Learning Outcomes**

Course goals are linked to required Core Curriculum Intellectual Competencies (CCIC), Core Curriculum Perspectives (CCP), and Exemplary Educational Objectives in Humanities and Visual and Performing Arts (EEOHVP) as defined by the Texas Higher Education Coordinating Board.

1. Demonstrate an understanding of art elements and principles (identify, define and analyze the elements and principles of art and assemble a historical timeline of art)
2. Recognize, define, and apply art terms, including styles, artists and titles
3. Recognize, define, and discuss the art and architecture of the Late Gothic period through the Post Modernism
4. Recognize, define, and discuss the influence of non-Western art and architecture, including Japan and Africa.

**COURSE STRUCTURE**

Class meetings will cover several chapters through a combination of lectures, power point presentations, and class discussions. Participation in class discussion is strongly suggested. There will be documentaries and other videos shown that relate to the material in the textbook.
Projects will be assigned over the course of the semester (students will need: colored pencils and markers, other art related items).

Quizzes over assigned chapters will be administered. No makeup quizzes. The lowest quiz grade will be dropped at the end of the semester.

Formal Analysis Paper will be a two-page paper based on an art work from an art museum or gallery (proof of visit is required). This paper MUST be turned in via Blackboard through SafeAssign. More information on this assignment will be given in class.

LATE WORK POLICY

10 points will be deducted from an assignment for each day it is late. After two weeks the grade becomes a zero. No makeup Quizzes will be given, you must be present.

MAKEUP EXAM POLICY

Make-up examinations will ONLY be given for DOCUMENTED reasons involving personal medical or family emergencies. If you miss an exam because of illness or other emergency, you must notify me as soon as possible. Make up tests will be essay format.

ATTENDANCE POLICY

Attendance is absolutely required. Participation is extremely important in this class. Being present for class implies having materials, ideas, homework assignments, and being ready to discuss the assigned reading. It is your responsibility to make up all missed assignments due to absence. More than four UNEXCUSED absences will result in a deduction from your final grade (typically an entire letter grade). After six absences I reserve the right to give you a final grade of “F”.

Arriving late, leaving class early, or being unprepared to participate in class are recorded in my grade book. If these become chronic problems, I will advise you and consider three of them as one absence.

Students must begin attendance in all classes of enrollment. No exceptions. Financial Aid will not be granted to students who have been certified as not attending, by the certification date. For this lecture course, your physical participation in class, on or before the certification date will allow you to receive credit for FA purposes. For certification dates, check with the division or FAO for further information. Students, who are not certified as beginning class, are responsible for any payments due as a result of non-certification, to include the dropping of courses.

It is the student’s responsibility to drop the course if it becomes necessary. Students should not assume that they would be dropped from the course if they have only attended one class or are failing, check with the Registrar.

WITHDRAWL

The last day to drop the class with a “W” is April 17, 2019.

CLASSROOM RULES

ALL cell phones must be silenced while students are in class.

Similarly, other electronic devices—PDAs, pagers, instant message devices, games, and other handheld devices should be turned off and stowed in a secure place during class.
