Course Description

This course will provide the beginning student a critical introduction to Visual Culture – material objects produced for aesthetic contemplation, ritual use, or to serve a utilitarian function – with the understanding that these objects transmit cultural values, express ideas, and otherwise possess the power to communicate within and between communities across time and space. The student will adopt a basic vocabulary with which to talk about Visual Culture and be asked to discuss objects with an eye toward their form, content, meaning, and historical contexts. Through intensive reading, written assignments, discussions, and creative projects, we will assess the role art plays in our daily experience and what art can contribute to our awareness of cultural realities and ideals.

Textbooks and Other Course Materials:

1. Material for this course will be provided by the professor in the form of primary and secondary sources materials from the history of art, architecture, urbanism, and culture studies.

Developmental Courses

The Texas Success Initiative (TSI) is a statewide program designed to ensure that students enrolled in Texas public colleges and universities have the basic academic skills needed to be successful in college-level course work. The TSI requires assessment, remediation (if necessary), and advising of students who attend a public college or university in the state of Texas. The program assesses a student’s basic academic skills in
reading, writing, and math. Passing the assessment is a prerequisite for enrollment in many college-level classes such as English 1301/1302, History 1301/1302, Math 1414, etc. Students who do not meet assessment standards may complete prerequisite requirements by taking developmental courses in the deficient area and passing them with a grade of C or higher. In some cases retesting will also be required. It is up to each student to be aware and informed about requirements that are subject to change. Additional information is available from the TSI Office. https://www1.dcccd.edu/cat0910/admiss/tsi.cfm?loc=4

Grading Policy

Grades for this course will be assessed on the timeliness and quality of short written assignments (consisting of reading responses and a formal analysis paper), quizzes, and a final creative project and presentation. These will count towards your final grade as follows:

1. Assignments = 50%
2. Creative Project = 25%
3. Museum Assignment = 25%

Written Assignments: All assignments will be available through eCampus/Blackboard. Written assignments will be graded on traditional letter grade scale of A-F. Paper will be assessed on the quality of your insights and the amount of effort invested. Please check each document for spelling and grammar issues prior to submission. I will not typically deduct points for such mistakes if you at least make an effort to submit the best work you are capable of at your present skill level. Developing strong writing can take many years, so all students are encouraged to utilize available writing resources.

The Museum Visit paper and final creative project are MANDATORY to pass the class.
