Classroom/Online Etiquette:

Please treat each other and the instructor with respect. Be aware of the written and/or verbal policies the instructor includes in the syllabus or says in class. As you would wish to be treated, so treat others. In other words, by following the rules outlined below, you will be more successful and less frustrated with your instructor and fellow students (and better prepared for university and/or business life).

a. **Practice open and honest communication.** Communicate, politely, with your instructor if you have a problem. Nothing can be solved if you approach your instructor in an offensive manner, or demand the instructor solve your problems, or if you act out in class. Also, nothing can be accomplished if you don’t talk to your instructor at all! Remember: if you treat your instructor with respect, your instructor will treat you with respect. This works for your fellow students, too!

b. **Avoid** asking for special treatment without good reason. Requests for special consideration from the instructor (such as late papers, excused absences, etc.) are just that, requests. You are asking the instructor for a favor. Your instructor must be fair to all students and may not grant your request, or may grant it only with adequate documentation/evidence. Be aware of this and respect the instructor’s decision.

c. **Be prepared.** For onsite classes, come to class prepared to write, discuss, work in groups, and ready to cooperate. Being prepared and able to work with a team are the two most valued skills in the business world! Have your reading done, drafts prepared, topics considered before you come to class. This, above all else, demonstrates respect for yourself!

d. **Listen!** Listen to your instructor and your fellow students. Take notes when needed. Most problems occur because deep and open listening has not been practiced. Considering what has been said before reacting shows respect for the other person, as well as yourself.

e. Finally, **respect** other students and the instructor by coming to class on time and making sure you turn off cell phones and pagers. Disrupting class is never respectful in anyone’s eyes!

Thank you for your attention. It is noticed and appreciated by your instructor and fellow students.

**Drop Date:**

The last date to drop this class with a “W” is **May 9**

**Academic Honesty Statement:**

Academic dishonesty includes, but is not limited to, cheating on tests, plagiarism and collusion. **Cheating** includes copying from another student’s test or homework paper, using materials not authorized, collaborating with or seeking aid from another student during a test, knowingly using, buying, selling, stealing, or soliciting the contents of an unadministered test, and substituting for another person to take a test. **Plagiarism** is the appropriating, buying, receiving as a gift, or obtaining by any means another’s work and the unacknowledged submission or incorporation of it in one’s own written work. **Collusion** is the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements. Academic dishonesty is a serious offense in college. You can be given a failing grade on an assignment or test or even be suspended from college. Students who are determined to be involved in such activities shall be punished as prescribed by college and Board policies outlined in the **Student Code of Conduct**.
