Your grades will also be printed on your Student Advising Report, which is available in the Admissions and Student Records Office, T170.

Attendance Policy:
All absences should be discussed with the instructor.
**Three absences**: upon your third absence, your Final grade drops one letter grade.
**Four absences**: Upon your forth absence, your Final grade drops two letter grades.
**Six or more absences**: automatic class fail.
Late Submission Policy:
Late work is not accepted. Work must be submitted on the due date. An absence on the day the work is due will result in a zero unless special permission is granted by the instructor. Missing a critique is the same as not turning in your work.

Classroom/Online Etiquette:
Please treat each other and the instructor with respect. Be aware of the written and/or verbal policies the instructor includes in the syllabus or says in class. As you would wish to be treated, so treat others. In other words, by following the rules outlined below, you will be more successful and less frustrated with your instructor and fellow students (and better prepared for university and/or business life).

A. Practice open and honest communication. Communicate, politely, with your instructor if you have a problem. Nothing can be solved if you approach your instructor in an offensive manner, or demand the instructor solve your problems, or if you act out in class. Also, nothing can be accomplished if you don’t talk to your instructor at all! Remember the golden rule above: if you treat your instructor with respect, your instructor will treat you with respect. This works for your fellow students, too!

B. Avoid asking for special treatment without good reason. Requests for special consideration from the instructor (such as late papers, excused absences, etc.) are just that, requests. You are asking the instructor for a favor. Your instructor must be fair to all students and may not grant your request, or may grant it only with adequate documentation/evidence. Be aware of this and respect the instructor’s decision.

C. Be prepared. Come to class prepared to write, discuss, work in groups, and ready to cooperate. Being prepared and able to work with a team are the two most valued skills in the business world! Have your reading done, drafts prepared, topics considered before you come to class. This, above all else, demonstrates respect for yourself!

D. Listen! Listen to your instructor and your fellow students. Take notes when needed. Most problems occur because deep and open listening has not been practiced. Considering what has been said before reacting shows respect for the other person, as well as yourself.

E. Finally, respect other students and the instructor by coming to class on time and making sure you turn off cell phones and pagers. Disrupting class is never respectful in anyone’s eyes! Thank you for your attention. It is noticed and appreciated by your instructor and fellow students.

Drop Date:
You must be present for the entire class to be counted present for the day. I reserve the right to count you absent if you leave early or are late to class. The last date to drop this class with a “W” is ________
