**Course Outline:**

- Develop a verbal and visual drawing vocabulary
- Develop spatial organization
- Develop skills to create objective drawings
- Develop drawings with a subjective emphasis
- Recognize and incorporate design and composition theories
- Students will be able to analyze a work of art
- Develop visual problem solving and critical thinking
- Students will explore a variety of media
- Students will be introduced to traditional and contemporary artist’s work
- Students will gain confidence in their ability to draw

**Evaluation Procedures:**

Grades in this course will reflect your performance in the following areas:

- Attendance and Punctuality
- Effort and Work Ethic
- Understanding of Project Objectives
- Improvement over the course of the semester
- Class Participation
- Professionalism and Craftsmanship
- Creative Problem Solving

**Instructor Attendance Policy:**

Students are required to attend all classes, being on time for every class.
In case of emergencies or urgent need or something that a student has to miss the class for, please notify the instructor on time. A Doctor’s note should be provided to the instructor.

**Classroom Etiquette:**
Be courteous and listen to the professor when he/she is addressing the class.
Turn off all cell phones before entering class. Phone calls and text messaging are not permitted.

i pads or headphones are not permitted during class.
Computers may not be moved and are only to be used for “art work”. They cannot be used for personal computing (e.g. e-mail, surfing the net, writing papers etc.) and are monitored by the University Technician.
Clean your work area at the end of each class, including common space.

(Grading will be evaluated based on the following criteria):

**Grading Scale:**
- **A** 90-100 Superior work, exhibits originality, worked outside the class
- **B** 80-89 Quality work, above average, worked outside the class
- **C** 70-79 Average work, met minimum requirements, worked outside the class
- **D** 60-69 No demonstration of growth, worked outside the class
- **F** 0-59 Failure to meet minimum requirements

**Grade Percentage Breakdown**
- 90% Portfolio of in class drawings and homework assignments
- 10% Class participation and effort

**Student Responsibilities:**

*Instructions for the projects and demonstrations are given in the first 10 minutes of class.*
You must have all of your required material by the first day of the second week of classes.
Failure to attend class with the required materials will result in a mark of absent for the day (regardless if you are physically present or not). You will be allowed two excused absences for the semester. You must either phone or email me at least one hour prior to class if you must miss for the day due to illness or other circumstances. On the third absence, excused or unexcused, your grade will drop by 5 points. Each subsequent absence will result in continued point drops in increments of one point. You will be responsible for any material covered during your absence (which includes notes on demonstrations---this does not mean that the instructor will provide you with a private lesson). Being late to class or leaving early will also result in a lowering of your grade. Each class that you arrive late or leave early will result in a one point loss from your final grade. **You will be required to work during class time. Failure to do so will result in a daily lowering of your grade by one point.**

**Open Lab Policy / Time:**
Instructor will usually give a lecture, give demonstrations, give slide presentations the first hour of the class. The latter two hours or more are the lab hours for students to work on in-class assignments.

Open lab is a privilege for currently registered students only. Open lab to be announced.
Late Work Policy:
Assignments must be turned in on time (5% will be deducted from the project’s final grade for each day that the assignment is late).

The withdraw date for this class is 04/17/19
