Photography Department Supplemental Course Description and Overview:
The purpose of this course is to enable students to have a working understanding of the practice of photography using digital technology as a background. This is an entry level course and no previous experience in photography or digital technology is necessary, although it may be helpful. Students will explore the creative and technical aspects involved in the making, understanding, and looking at photographic images.

This course will familiarize students with the digital aspects of photography, with the goals of extending the student's visual literacy, and developing their own vision.
This course combines practical instruction, readings, regular shooting assignments, group discussions, individual reviews and group reviews.

It is our hope to foster a critical awareness of how images are made, processed, presented and read. In addition, a practical instruction in compositional aesthetics, digital imaging, fundamentals of camera operation, lighting, exposure, and output will be explored.

In face-to-face classes, field trips and presentations by working professionals will be incorporated into the semester.

The course will cover the following topics:
- Becoming familiar with hardware and software involved in digital photography
- Shooting and printing photographs
- Emphasis on the visualization of B&W photography
- Developing one’s own vision, and extending the visual vocabulary
- Understanding the development and use of photography in society
- Editing and presenting work; Portfolio Development
- Learning and practicing the critique as a constructive process

**Required Lab:**

Instructor Policies:

All photos submitted for a grade in this class must be your own original work and created AFTER they are assigned. No work created before an assignment for it is made in class will be accepted; if discovered and determined to be fraudulent, that will be grounds for dismissal from class and a failing grade in the class for the semester.
Critique – all students are expected to participate in critique by having their work critiqued and by critiquing other students’ work. Remember that the purpose of critique is to learn from other students – this includes the final critique for the course.
Participation – Participation is very important in an online class, and each image assignment will have due dates for discussion board comments. Those comments must be done in a timely manner and be substantial to earn appropriate credit.

**Classroom Policies:**
Please read the following classroom policies listed below.

**Attendance Policy:**
In order to be successful, students must attend and participate in enrolled courses.

While Richland College does not have a formal attendance policy, students are expected to attend class regularly. If you know you will be missing classes this semester, please speak to your instructor about days you will be missing so you can receive information on the missed lessons and assignments.

If you are unable to attend class, please email the instructor or leave a message for the instructor at the ACCESS Office at (972) 238-6140 BEFORE THE CLASS BEGINS.

It is imperative students arrive to class on time and remain in class the entire session each week.

**Food and Drink Policy:**
Except where otherwise determined by a faculty member, no eating or drinking is allowed in the classroom.

**Computer/Internet Use Policy:**
Currently enrolled Richland College Multimedia, Photography and Game students have access to the Multimedia Lab and classroom computers for Multimedia/Photography/Game educational and instructional purposes only.

**Please use the Del Rio Computer Lab (D229) for other school-related assignments and non-Multimedia activities.**

Students using their own laptops must use the wireless connection in the Thunderduck Hall building and cannot use the Multimedia lab and classroom computer data lines to access the Internet.

You are required to show your Richland Student ID when requested by lab personnel. You are expected to follow lab policies as well as the **Student Code of Conduct** specified in the catalog. If the link does not work for you (ie: you have a hard copy of the syllabus), copy/type this URL into your browser window:
Safety Policy:
Students should participate in this class in a safe, appropriate manner. We occasionally have to step over cords for the multimedia cart and/or computer equipment. We also need to watch out for boxes and paper, students' backpacks, etc. Students should begin to build good computing habits, designed to prevent eyestrain, carpal tunnel syndrome, etc.

Handheld Devices Policy:
Please turn OFF all electronic devices during class.

Participation Policy:
Course participation is required. Ask questions and be involved with the lesson.

Students should not surf the Net, play games, send emails or work on unrelated homework/projects during class. Students should not disturb your neighbors during lectures and demos.

End of Each Class Policy (for face-to-face classes):
When you leave class for the day, please...

1. Delete all your files from your workstation and empty the trash.
2. Shut down your computer using Windows Shut Down.
3. Turn off your monitor after computer has COMPLETELY shut down.
4. Pick up and throw away any trash around your seat.

Attention Continuing Education Students:
To receive a certificate for this course, you must make a grade of "C" or higher as a final grade. A grade average of 69% or lower is failing.

Continuing Education will not mail your certificate to you. If you do not receive your certificate the last day of class you will have to pick up your certificate at the Continuing Education Front Desk, T160.
