**COURSE GRADING:**

90 – 100 = A
Grades are determined as follows; you take the number of chapter assignments and add them up and divide by the number of chapter assignments then that gives you an average. You then take the four article assignments and then you add them up and divide by four and then that gives you and average. You then take the four test grades and add them up and then divide by four and that gives you an average. You then take the three averages and add them up and divide by three and that gives you a final grade for the course.

Late Work Policy:

Student should have their assignments in by the date due on the class schedule. For every day the assignment is late, 5 points will be deduced from the overall grade PER CHAPTER ASSIGNMENT.
