Discussion boards, reading the assigned material, and completing all assignments in a timely manner weigh heavily in a student's ability to master the course content and successfully complete this course.

INET Etiquette: In order to facilitate a positive learning environment for all students and the instructor it is imperative that proper decorum be adhered to when interacting online. Please refrain from using profanity or disrespectful
language when interacting with peers and instructor. It is best to always proofread what you type PRIOR to sending it out. Remember that since there is no face to face interaction your words are the image you are projecting. **Respect** the opinions of others even if you do not agree.

**Financial Aid:** Students who are receiving any form of financial aid should check with the Financial Aid Office **prior** to withdrawing from classes. Withdrawals may affect your eligibility to receive further aid and could cause you to be in a position of repayment for the current semester. Students who fail to attend or participate after the drop date are also subject to this policy.

**Technology:** Assignments are **DUE** as outlined in the course calendar. Waiting until the last minute can be problematic as issues **may** arise with computers. **Experiencing technological difficulties or not having access to a computer are not acceptable reasons for missing assignment deadlines.** Students should plan in advance to complete assignments utilizing resources available to them; for example, a local library or the Eastfield College library and computer lab.

**Certification:** You must attend and participate in your on-campus or online course(s) in order to receive federal financial aid. Your instructor is required by law to validate your attendance in your on-campus or online course in order for you to receive financial aid. You must participate in an academic related activity pertaining to the course but not limited to the following examples: initiating contact with your instructor to ask a question about the academic subject studied in the course; submitting an academic assignment; taking an exam; completing an interactive video; participating in computer-assisted instruction; attending a study group assigned by the instructor; or participating in an online discussion board about academic matters relating to the course. In an online course, simply logging in is not sufficient by itself to demonstrate academic attendance.
