Description of Graded Work

**Quizzes:** The chapter quizzes each have 10 to 20 multiple-choice and short answer questions. Students have 1 hour to complete each quiz. Quizzes are completed on Blackboard. Final exam consists of 10 short essays completed on Blackboard.

**Final Paper:** Formal Analysis Assignment

A formal analysis is a purely visual description of one work of art irrespective of cultural context, history, or artistic motivation. This is not to say that such cultural or motivational interpretations can be separated from the artwork, but that the visual elements provide an essential starting point for understanding a work of art. The visual elements include line, shape, value, color, texture and space.

- You will choose ONE work of art at any museum or gallery. Write a two-page, double spaced formal analysis about this piece in MLA format while using vocabulary from the elements and principles of art. Your paper should have a cover page with your name and title of paper, introduction with a thesis statement, a body with main points, and a conclusion with your personal thoughts on the work of art.

- Also, you will need to take a picture of this piece in the gallery or museum and turn it in with your paper. Do not forget to do this! Some students take a “selfie” with the artwork. This is a fun way to document your trip and I strongly recommend you do so. You must submit a copy of your paper (word document only) into blackboard and bring a hard copy to class on or before the due date.
