Course Description
Course Description: Basic concepts of design with two-dimensional materials are explored. The use of line, color, illusion of space or mass, texture, value, shape, and size in composition is considered. (2 Lec., 4 Lab.)

Student Learning Outcomes
Upon successful completion of this course, students will:
1. Identify and apply the elements of art and principles of two-dimensional design.
2. Employ discipline specific vocabulary in the evaluation of two-dimensional design problems.
3. Demonstrate creative skill in aesthetic problem solving within assigned parameters.
4. Demonstrate an appropriate level of professional practice, including safety, craft and presentation

**Required Course Materials**
A supply list will be provided on the first day of class.

Note: A student of this institution is not under any obligation to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

**Description of Graded Work**
You will have ten assignments during the semester. Each assignment will be graded on the following criteria:
Student demonstrates a mastery of the lesson objectives
Student demonstrates impeccable craftsmanship and precise execution
Student participates in critique and in-class exercises.
Student uses creative and critical thinking skills to solve the problem.

**Attendance and Your Final Grade**
Three tardies equal one absence.
Three absences will drop your final grade by one letter grade.

You must attend class each day. If you do not have your supplies after the first week of classes you will be counted absent, even if you are physically in the classroom.
You are expected to be on time and ready to work.

**Late Work Policy**
Late work is not accepted. If you miss the critique your work will be considered late.
