Student Learning Outcomes

Upon successful completion of this course, students will:

1. Identify and apply the elements of art and principles of two-dimensional design.
2. Employ discipline specific vocabulary in the evaluation of two-dimensional design problems.
3. Demonstrate creative skill in aesthetic problem solving within assigned parameters.
4. Demonstrate an appropriate level of professional practice, including safety, craft and presentation.
5. If this course is repeated, learning outcomes will vary. For repeating students it will be a ‘Projects’ course.

Texas Core Objectives

The College defines essential knowledge and skills that students need to develop during their college experience. These general education competencies parallel the Texas Core Objectives for Student Learning. In this course, the activities you engage in will give you the opportunity to practice two or more of the following core competencies:

1. **Critical Thinking Skills** - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
2. **Communication Skills** - to include effective development, interpretation, and expression of ideas through written, oral, and visual communication
3. **Empirical and Quantitative Skills** - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
4. **Teamwork** - to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal
5. **Personal Responsibility** - to include the ability to connect choices, actions, and consequences to ethical decision-making
6. **Social Responsibility** - to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities

Required Course Materials

No text book is required. Instructor may recommend/assign readings.
Art supplies include, pencils, pens, erasers, inks, charcoal, paper. A detailed description of materials will be provided the first day of class. The instructor has the right to delete, revise and/or add course materials.

A printed list of art materials will be provided. No books or digital materials required.

Note: A student of this institution is not under any obligation to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

**Description of Graded Work**

1. Students will complete assignments addressing the following topics:
2. Advanced understanding human anatomy (draw from the figure using correct scale, proportion & anatomy)
3. Advanced use of materials & techniques related to drawing the figure (draw from the figure using a variety of media, styles and drawing approaches)

4. Advanced use of the figure compositionally (draw considering the scale & placement of the figure appropriate to the size & dimensions of a given format)

5. Advanced use of the figure to create a personal expression/style (individual aesthetics, ideas and expression will be considered in all drawings)

Note: Students may be asked to create multiple drawings in each unit/topic area. The instructor has the right to delete, revise and/or add segments to the course or syllabus.

**Attendance and Your Final Grade**

Most of the student work will occur in the art studio, therefore full attendance is required for a successful outcome. Class will start promptly at 6:10pm with an introductory lecture/presentation/demonstration of the skills to be covered. This will not be repeated for students who are tardy.

**Late Work Policy**

100 points will be deducted from the final grade for home assignments handed in late.

**Other Course Policies**

**Class etiquette**

Working from a model provides a valuable opportunity for students to refine their art skills. Respect for the model at all times, and for the work that the model is doing is an essential aspect of a successful educational experience. The models will maintain a professional work ethic and it is expected that the students will do the same. This will include:

1. **Not involving the model in conversation while working.**
2. **NOT TAKING ANY PHOTOS FOR ANY REASON.** Please put phones away during class.
3. **Not touching model to adjust position**
4. **No headphones to be used during class.** Music will be provided if and when needed to aid concentration.
