Description of Graded Work

PARTICIPATION:
Students will be expected to articulate their thoughts in writing to receive participation credit. This will be done through lecture response answers as well as online discussion boards.

Lecture Response Answers:
A multiple choice question or questions over the lecture material each week will be posed to students. The answers will be based on what students just learned from the lecture(s) they were required to watch/listen to for the week. Responses must be made by 11:59pm on the due date. You may complete the lecture responses prior to the due date, but not after. These assignments are accessible under the weekly links. These multiple choice lecture responses will factor into your participation grade at the end of the 8-week session and will be based on overall performance and timeliness, not the average of weekly percentages of accuracy.

Discussion Posts:
Students will be responding to a question regarding their PS readings as well as topics that are being discussed in lecture. Expectations of the discussion submissions will be posted on eCampus. Students will be expected to participate in 4 online discussions; responses must be made by 11:59pm on the due date. You may complete the discussion posts prior to the due date, but not after. These assignments are accessible under the weekly links. Once you click on the “Discussion Post” link you will be able to “Create a Thread” and/or “Reply” to a classmate.

EXAMS:
There will be three major exams over each unit of study. The third exam is considered the final exam; however, it is not cumulative. Each exam will test concepts learned in the video lectures as well as knowledge gained from the assigned readings. The test will be comprised of multiple-choice questions and one essay. The exams will be posted and completed using Respondus Lockdown Browser. Your final, or third, exam will have essays based off of your reading of A Mighty Long Way. Students will be required to complete the exam within the time limit given by 11:59 of the due date (test will open the day before the due date and close by 11:59pm on the due date). A review sheet may be posted on eCampus at the beginning of the exam week. Important: Information utilized from non-class materials (for example, non-course internet sources) will result in a ‘0.’ Additionally, using any materials—pre-written/typed essays, book, notes, etc.—is prohibited during exam and if done will also result in a ‘0.’

Quizzes:
There will be five quizzes, based solely on primary source readings assigned throughout the semester. Readings will primarily come from the primary source reader, *American Issues*, with some additional primary sources being posted on eCampus (see left hand link labeled “PS Readings” to access these). There will be no make-up quizzes. Students will be required to complete the quiz within the time limit given by 11:59 of the due date (quizzes will be available for the week of their due date, so must be completed by the due date).

**Important:** Book or online PS is not to be used during the quiz. **Use what you LEARNED** from the reading.

Course Performance & Technical Issues

To do well in this course note taking when listening to lectures is critical. These notes will be used when studying for exams. It is also important to note that students are responsible for keeping up with assignments and their due dates. Your syllabus is your guide to due dates, not the professor.

Finally, it is the student’s responsibility to resolve technical issues. See the “Help” link within our Blackboard course as well as MVC’s tech. support (https://www.dcccd.edu/cu/pages/technicalsupport.aspx)
