Description of Graded Work

All class assignments, papers, and tests are designed to measure student progress toward the SLOs and core objectives. These are found under Unit Content on the website. Categories are as follows:

All the assignments together are worth 27% of the final course grade. (7 practice tests at 3% each plus Ch. 8 practice test at 6%) The assignments are related to the information posted on the web site and provided in the textbook. They are designed to prepare the student for the two tests. They are assignment-quizzes that you may do over and over again until you get the grade you want.

The two tests are worth 10% each and together are worth 20% of the final course grade. There is one test that covers Chapters 1-4 and the other test covers Chapters 5-8. They are related to the information posted on the web site and provided in the textbook.

The research paper is worth 25% of the final course grade. It is an 800-word (minimum) paper that is over a place of worship that was built during the time period we cover, prehistoric to 1400 C.E. Students pick the topic with approval needed from the instructor. MLA formatting and citation is required. See the Library homepage for help with citation: Link to Brookhaven College Library. This paper must be loaded to Safe Assign through the link provided with the paper instructions under Unit Content.

The reflection paper is worth 28% of the final course grade. It is a 750-word paper that explains, from the student’s perspective, how historical and social contexts have helped to shape human belief systems and values. This paper must be loaded to Safe Assign through the link provided with the paper instructions under Unit Content.

VERY IMPORTANT: When viewing your grades under TOOLS, look at % weighted total grade rather than the points.

TESTS: Each test has a password that is found under Critical Dates/Calendar in ecampus. The best way to review for the test is to read the book and lectures and be able to access the info easily. The assignments also are good to review. These are timed tests, and you must submit within the specified time limit. Do not leave the open window when working on a test. This can cause submission of an incomplete test. You do not want that to happen.
Attendance and Your Final Grade
Regular work online is the key to getting a final grade of C or better.

Late Work Policy
Late work is not accepted except for extreme, well-documented circumstances and is subject to a 10-point-per-day penalty for lateness.

Other Course Policies
Papers not turned in through SafeAssign in ecampus may not be graded. You should email a copy of each paper to your instructor in case it cannot be opened in SafeAssign. If you experience problems, contact your instructor immediately.

IF YOU EXCEED THE TIME LIMIT ON A TEST, YOUR INSTRUCTOR RESERVES THE RIGHT NOT TO ACCEPT YOUR GRADE FOR IT.
