Texas Core Objectives

The College defines essential knowledge and skills that students need to develop during their college experience. These general education competencies parallel the Texas Core Objectives for Student Learning. In this course, the activities you engage in will give you the opportunity to practice two or more of the following core competencies:

1. **Critical Thinking Skills** - to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information
2. **Communication Skills** - to include effective development, interpretation, and expression of ideas through written, oral, and visual communication
3. **Empirical and Quantitative Skills** - to include the manipulation and analysis of numerical data or observable facts resulting in informed conclusions
4. **Social Responsibility** - to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities

Required Course Materials

This is the complete textbook in a PDF format. Save the PDF to your computer so you can view the textbook whenever you like. You are free to print your own chapters. If you prefer a printed copy, you can purchase one in the campus bookstore. The individual chapters are also located in the specific units.

Note: A student of this institution is not under any obligation to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

**Description of Graded Work**

**FOUR TESTS:** Within each unit there is a unit test that has 50 multiple-choice questions. Each test is worth 100 points. All tests will be taken on-line. Students may
take a test up to two times and keep the highest grade. Only one test can be taken after the due date. Students are expected to take the tests on time. Make up tests are available, with a five-point reduction per day and one attempt per test for any test taken late. Any student taking the last exam late will receive their final performance grade based on work complete to that point. After completing late exams your grade will be recalculated, with deductions, and a grade change form will be submitted by your professor to the academic dean. This process could entail a wait of 4 -6 weeks depending on vacation schedules and college registry policies. Due date for all tests is January 9. Total points 400.

STUDENT LEARNING OUTCOMES TEST: In the Unit 4 you will find a test that will test your overall knowledge of this course. This test is to determine if you have mastered the state mandated Student Learning Objectives. Each test question is worth two points. Students may take the test up to two times and keep the highest grade. All tests are to be taken by January 9. (Maximum points 40 points)

EXTRA CREDIT

Maximum of 20 extra-credit points can be earned by completing material in extra-credit handouts. In each unit there are articles with a quiz below the article. Click the article you want to read. The article will appear. After reading the article open up the quiz. The quiz consists of four short essay questions with a maximum of 10 points per quiz. Make sure you click on the submit button at the end of the test. Your test will be graded and the point total will appear in the “My Grades” section of Tools.
The total accumulation of points will equate to extra credit points. To get the full 20 points you must accumulate 80 correct answers. View the grading scale for further clarification. Make this an assignment that is enjoyable.

Remember you can do as many articles as you want to reach the 20 points. Extra Credit is a privilege that enables a student to raise their grade. The goal of the extra credit is for you to do additional work to receive "extra credit". By not comprehensively reading the article you are not completing the "extra credit". Anyone who commits academic dishonesty regarding extra credit will be penalized by reducing their point total by 40 points. All extra credit reading assignments are to be read and answers are to be selected based on the readings. You must read the article and complete the quiz immediately. Randomly selecting answers, skimming the article for answers, speed reading the article, and/or completing the quiz at a later date will be considered academic dishonesty. If you complete an article in less than five minutes you are probably committing academic dishonesty. Extra-credit must be completed by the following date: January 8.

EXTRA CREDIT POINT TOTAL CHART

To determine how many extra credit points you have accumulated just view the Total Point Column in the My Grades section. This gives you the summation of the total number of correct answers. Open up the Extra Credit Point Chart in the Getting Started tab and view how many correct answers you have and what number of extra credit points it correlates to. Example: 13 correct answers equals 3 extra credit points. 36 correct answers equals 8 extra credit points. 68 correct answers equals 16 extra credit points.

Late Work Policy

Ample time has been allotted to complete each activity. All assignments are expected on or before the deadline indicated in the syllabus. I am certainly willing to work with you through extenuating personal circumstances should the need arise to submit a late essay. Any student that needs to submit a late paper must contact me in advance of the deadline for approval and to make alternative arrangements. You will be required to provide some form of written documentation in order to substantiate a request to submit a late assignment.

If approved, late work will be considered for up to 50% of the original value of an assignment. Late work must be submitted within two calendar days (48 hours) of the original deadline (including weekends and holidays). If the assignment has not been submitted within the time allotted after the original deadline, it will receive a zero. Due to
time constraints, late work will not be accepted in the final unit of the course (the final course deadline). Tests, and extra credit are excluded from the late work policy and are due by the stated deadline.

Other Course Policies

CHEATING, PLAGIARISM AND COLLUSION

Scholastic dishonesty is a violation of the Code of Student Conduct and Hazing. Scholastic dishonesty includes, but is not limited to, cheating on a test, plagiarism and collusion. Cheating includes copying from another student’s test or homework paper; using materials not authorized; collaborating with or seeking aid from another student during a test; knowingly using, buying, selling, stealing or soliciting (asking for) the contents of an un-administered test; and substituting for another person to take a test. Plagiarism is the appropriating (taking in a way that is illegal or unfair), buying, receiving as a gift or obtaining by any means another’s work and the unacknowledged submission or incorporation of it in one’s own written work. Collusion is the unauthorized collaboration with another person in preparing written work for fulfillment of course requirements. Academic dishonesty is a serious offense in college. You can be given a failing grade on an assignment or test, a double deduction of points for the assignment, be failed for the class or you can even be suspended from college.

Your enrollment indicates acceptance of the DCCCD Code of Student Conduct and Hazing.
