Description of Graded Work

Exams: will be multiple choice and true/false valued at 100 point each plus any extra credit points I may decide to include. The exams will have a time limit of 55 minutes

Examination Point Deductions (for time over-runs): Propriety (correctness, properness, conformity) to standards established in the normal classroom require that a limit be placed on the time one may have to take an examination.

The time limit for this exam: The time limit is 55 minutes before penalty points are deducted (although a total time of 2 hours is provided for those with learning disabilities.)

Because in a normal classroom the examination terminates with the end of the class hour, when that class leaves the room and another occupies it, over-running the examination time is not possible.

Assessment #1 Alcohol paper: Read an article on Alcohol and write your responses to questions asked about the article. Writing will be conducted in eCampus

Assessment #2 Brown Eyes/ Blue Eyes: View a provided video and write your responses to questions asked about the video. Writing will be conducted in eCampus

Assessment #3 Critical Thinking: Read an assigned chapters in the textbook and (1) create questions about material in the chapters and (2) supply answers to those questions. Writing will be conducted in eCampus
