Each exam will be worth a total of 100 points (plus any additional bonus points). You will have two attempts available for each of the unit exams; the higher of the two attempts will count toward your grade. Failure to complete an exam will be assessed with zero (0) points.

The assignment is worth at total of 25 points which be awarded based on your initial post. A total of 25 points and 16 discussions for a total of 400 points. If you do not perform the discussion you will receive a 0 for that assignment.

APA Writing Assignments
You will be required to write an APA paper for this course. The paper is intended to help you develop familiarity with scientific writing, critical thinking, and APA formatting. The APA Writing Assignment is a Critique of a preselected APA article in which you are to write, in your OWN words, a one page minimum introduction (summary of why the article is important), a two page minimum literature review of the article and a one or more page critical analysis (your collegiate feedback, not your opinions) section. This paper must be written in APA formatting style and will be graded as such. Half of the grade is based on content, half on following APA style. A sample and a template is available for the assignment. If you have concerns or issues with writing at a professional level or writing in APA format, please see the instructor and/or staff in the Learning Center for assistance. These assignments are standard across the institution for this course and are helpful in evaluating the institutions effectiveness.
You are encouraged to review the APA style formatting in the Writing for Psychology text, seek the assistance of the Learning Center, and review the included template, sample and link. If after using these resources you still have difficulty with APA writing, you are welcome to schedule an appointment with the professor to assist your learning of APA formatting. You may also click here for APA style information at the Purdue OWL APA Guide.
Watch the “A Class Divided” videos and consider three perspectives while watching...
- The overall discrimination between groups and how quickly it occurs
• The “Power of Suggestion” the teacher, Jane Elliot, uses to infer that one group is a lower class than the other
• The “Acceptance of Roles” that each group assumes, whether they are aware of what is going on or not.

The APA Paper is mandatory, you cannot pass the course without completing the paper, and effort is required.

Grading Policy
Each module will consist of the discussions, exams, and quizzes over chapters according to the Course Calendar.
You will have the opportunity to earn points and will be graded according to the scale listed below.
To determine your point total on your APA assignments, quizzes, exams, and extra credit, login to your eCampus account, open this class, and click on the “My Grades” tab. Clicking on the “My Grades” icon gives you immediate feedback of your point total.

Please note that the grading in this course offers multiple opportunities for success. Therefore, it is to your benefit to score as many points in as many areas as you can. This scoring method is designed to assist you in earning points in the areas of your strengths, rather than penalizing you in the areas of your weakness. This means that if you do not do well on exams, you will still have an opportunity to demonstrate your abilities in other areas.

**Certification of Course Attendance and Participation**

Student’s attendance in class is certified on February 3 (Monday) for this semester (and section). **IMPORTANT:** You must attend and participate in your on-campus and/or online course(s) in order to receive Federal Financial Aid. Your instructor is required by law to validate your attendance in your on-campus or online course in order for you to receive financial aid. You must participate in an academic related activity pertaining to your courses to include such as those indicated below but not limited solely to the following examples:

- submitting an academic assignment
- taking an exam or quiz online or in class (for face to face classes)
- attending a study group assigned by the instructor
- submit online course discussions in Blackboard

**IMPORTANT:** In an online course, simply logging in is not sufficient by itself to demonstrate academic attendance. You must demonstrate that you are participating in your class and are
engaged in an academically related activity such as in the examples described above. Failure to do so will prevent you from being certified and will affect your financial aid.

Other Course Policies

Drop Date
Students sometimes drop a course when help is not available that would enable them to continue. Before you make the decision to drop this course, please contact your instructor. If you are unable to complete this course, your withdrawal request must be received in the Registrar’s Office by the withdrawal date listed on the first page of this syllabus. For more information, visit the Dropping or Withdrawing from Classes webpage.

The last day to withdraw from a class with a “W” is April 16th, 2020 with the Registrar’s Office (A130) or online. Failure to withdraw from a course will result in a performance grade (F, in more instances than not.)

Institutional Policies

Institutional Policies relating to this course can be accessed using the following link: Institutional Policies.

Stop Before You Drop
For students who enrolled in college level courses for the first time in the Sep of 2007, Texas Education Code 51.907 limits the number of courses a student may drop. You may drop no more than six courses during your entire undergraduate career unless the drop qualifies as an exception. Your campus counseling/advising center will give you more information on the allowable exceptions.

Remember that once you have accumulated six non-exempt drops, you cannot drop any other courses with a “W.” Therefore, please exercise caution when dropping courses in any Texas public institution of higher learning, including all seven of the Dallas County Community Colleges. For more information, you may access Drop Webpage.

Withdrawal Policy
If you are unable to complete this course, it is your responsibility to withdraw formally. The withdrawal request must be received in the Registrar’s Office by the official drop date for this course (see Course Drop Date mentioned earlier in this syllabus). Failure to do so will result in your receiving a performance grade, usually an “F.” If you drop a class or withdraw from the college before the official drop/withdrawal deadline, you will receive a “W” (Withdraw) in each class dropped.

For more information about drop deadlines, refer to the current printed Credit Class Schedule, contact the Admissions office at 214-860-2484 (A169), or contact the Division Office.

Financial Aid
If you are receiving any form of financial aid, you should check with the Financial Aid Office prior to withdrawing from classes. Withdrawals may affect your eligibility to receive further aid and could
cause you to be in a position of repayment for the current semester. Students who fail to attend or participate after the drop date are also subject to this policy.

**Academic Ethics**
Any violation of the [Student Code of Conduct](#) (as printed in the El Centro College Catalogue) will be penalized accordingly. All matters of academic dishonesty (plagiarism, collusion, fabrication, cheating, etc.) will result in a failing grade for the assignment in question. All violations will be forwarded to the proper college authorities for review. The college may, at its discretion, impose additional penalties on the student including academic probation, suspension, or expulsion. ANY form of disruptive behavior will not be tolerated.

**ADA Statement**
If you are a student with a disability and/or special needs who requires accommodations, please contact the college Disability Services Office at 214.860.2411 (Voice/TTY), visit A110, or go to [Disability Services](#).

**Religious Holidays**
A student who is absent from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence if, not later than the fifteenth day after the first day of the semester, the student notified the instructor of each class scheduled on the date that the student would be absent for a religious holy day. A “religious holy day” means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code. The notice shall be in writing and shall be delivered by the student personally to the instructor, with receipt acknowledged and dated by the instructor or by certified mail, return receipt requested, addressed to the instructor. A student who is excused under this section may not be penalized for the absence, but the instructor may appropriately respond if the student fails to complete the assignment or examination satisfactorily.
