IMPORTANT INFORMATION!!
Technology: Assignments are DUE as outlined in the course calendar. Waiting until the last minute can be problematic as issues may arise with computers. Students should plan in advance to complete assignments utilizing resources available to them; for example, a local library or the Eastfield College library and computer lab.

IMPORTANT INFORMATION!!!
You must attend and participate in your on-campus or online course(s) in order to receive federal financial aid. Your instructor is required by law to validate your attendance in your on-campus or online course in order for you to receive financial aid. You must participate in an academic related activity pertaining to the course but not limited to the following examples: initiating contact with your instructor to ask a question about the academic subject studied in the course; submitting an academic assignment; taking an exam; completing an interactive video; participating in computer-assisted instruction; attending a study group assigned by the instructor; or participating in an online discussion board about academic matters relating to the course. In an online course, simply logging in is not sufficient by itself to demonstrate academic attendance. You must demonstrate that you are participating in your online class and are engaged in an
academically related activity such as in the examples described above. Failure to do so will prevent you from being certified and will affect your financial aid.

**Resources:** Additional resources including Internet, magazines, newspapers, journals, and periodicals may be used by the instructor and the student. Students are strongly encouraged to use the resources of the college library to enhance their overall learning experience.

**Developmental Courses:** The Texas Success Initiative (TSI) is a statewide program to ensure that students enrolled in Texas public colleges and universities have the basic academic skills needed to be successful in college level course work. The TSI requires assessment, remediation (if necessary), and advising of students who attend a public college or university in the state of Texas. The program assesses a student's basic academic skills in many college level classes such as English 1301/1302, History 1301/1302, Math 1414 etc. Students who do not meet assessment standards may complete prerequisite requirements by taking developmental courses in the deficient area and passing them with a grade of “C” or higher. In some cases, retesting will be required. It is up to each student to be aware and informed about requirements that are subject to change. Additional information is available from the TSI office.
