WORK EXPERIENCE

Dallas County Community College District **Dallas, TX**
Professor **August 1994 - present**

Teaching *Principles of Nutrition*, an introductory nutrition course, in a traditional format and as an online course. Also teaching *Lifetime Fitness & Wellness*, an introduction to physical fitness and wellness.

Texas Woman's University **Denton, TX**
Practicum Coordinator **September 2007-May 2010**

Responsible for supervising graduate students in the Exercise and Sports Nutrition graduate program as they worked with clients for their practicum experience. Opened the Sports Nutrition Clinic at the university and managed the clinic activities daily. Oversaw graduate students as they worked with athletic teams and individual clients. Also instructed clients from the campus and community on individual nutrition and wellness needs.

Instructor **August 2005 – May 2006**

Team-taught the nutrition components of *Fitness and Health: Enhancing Personal Wellness*, an interdisciplinary course involving three health related programs- Health Studies, Kinesiology, and Nutrition and Food Sciences.

Doctors Hospital Airline, Diabetes Center **Houston, Texas**
Certified Diabetes Educator **April 1990-November 1993**

Responsible for assessing, planning, implementing, and evaluating inpatient and outpatient nutrition needs for the Diabetes Center patients. Provided initial and intensive diabetes meal planning instruction for individuals and groups admitted to the Diabetes Center. Coordinated food service for individual patients and special events with the

hospital Dietary Department. Participated in community awareness projects, blood glucose screenings and public speaking engagements related to diabetes.

Irving Healthcare System
Clinical Dietitian

Irving, Texas
May 1988-January 1990

Chairperson for the development and implementation of the Nutrition Support Team. Provided nutritional care to TPN and tube feeding patients, as well as renal, cardiac, diabetes, oncology, and obese patients. Lead instructor for the behavior modification weight management program. Provided outpatient nutritional care. Supervised dietetic technicians and diet assistants. Public speaking engagements and television exposure.

HealthCheck, Inc., Women's Health Club
Nutritionist

Dallas, Texas
August 1986-May 1988

Instructed members on the exchange system for weight loss, gain, or maintenance. Planned and implemented discussion groups on current nutrition topics. Reviewed and evaluated weekly food records.
