Course Taught:

DMAT 0090, 0091, 0093, 0096, 0097, 0098, 0099 and Math 1314

Teaching Philosophy: I feel every situation is an opportunity to learn, if a person is willing to open their mind to think, evaluate, and explore. I believe a teacher is a positive part of a student's growth and change. A teacher provides a link between the academic world and a person's future. I see a teacher fulfilling many roles – teacher, guide, confidante, supporter, mentor, and/or friend. By providing guidelines, instruction, empathy, assistance, expectations, listening skills, and treating people fairly, I feel I can make a difference in a person's life.
