Teaching Experience:

Adjunct Instructor (Intro to Psychology 2301)

Fall 2018 -Present

Dallas County Community College District (DCCCD), Dallas, TX

- Psychology as science, philosophy, and profession. It is a lecture-style survey class, which means that we will be discussing the topics in class and frame the information in the context of historic, current events and practical application.
- Focuses on psychological theory, terminology, and the major theorists that have examined thoughts, behavior, and neurobiology. Emphasis will be placed on the vocabulary of psychology, theoretical perspectives application, and critical thinking.
- Utilizes technology to facilitate learning and to access data, maintain records, generate reports, and communicate with others.

Adjunct Instructor (Intro to Psychology 2301)

Spring 2018

Tarrant County College District (TCCD), Ft. Worth, TX

- Demonstrated ability to work effectively with persons from diverse backgrounds. May work with student clubs and organizations. Demonstrated verbal and written communication skills to support and enhance effective interaction between Districts and other organizations, businesses and community groups as well as faculty, staff and students from diverse backgrounds.
- Provides students with a written course syllabus. Participates in the evaluation of the instructional process and uses innovative strategies to continually improve learning.

Adjunct Instructor (Mavs 1000-First-Time Freshmen)

Fall 2016

UTA, Arlington, TX

- Course content and assignments assisted students identify their individual needs and skills which will affect their success, determined what resources are appropriate and available to students.
