

CURRICULUM VITAE

KENNETH FITZGERALD WHITE, Ph.D.
Brookhaven College
3939 Valley View Lane, Farmers Branch, TX 75244
Phone: 972-860-4750
Email: kfwhite@dcccd.edu

Education

Jackson State University, Jackson, MS.
Ph.D. in Environmental Science

Alcorn State University, Lorman, MS.
M.S. in Science Education (Endorsement Area: Biology)

Alcorn State University, Lorman, MS.
B.S. in Biology

Teaching Experience

Coastal Carolina Community College, Jacksonville, NC August 2011 – May 2013
Adjunct Instructor – Biology for majors, non-majors

ITT Technical Institute#115, High Point, NC December 2008 – November 2010
Adjunct Instructor – General Studies

Tulsa Community College, Tulsa, OK May 2002 – December 2004
Adjunct Instructor – Biology, Human Anatomy, Introduction to Environmental Science

Georgia Perimeter College, Decatur, GA January 1998 – July 2000
Adjunct Instructor – General Biology, Microbiology, Human Anatomy & Physiology

Publications and Papers

White, K., Hwang, H. and Teeter, C., "The Effects of Catalase Containing Microorganisms on Hydrogen Peroxide Degradation Kinetics in Heterogeneous Environments," Abstracts, 95th General Meeting, American Society for Microbiology, p. 420, 1995.

White, K., Hwang, H., and Qasim, M., "The Fate of Hydrogen Peroxide as an Oxygen Source for the In-situ Biodegradation Process", 96th general meeting of the American Society for Microbiology, New Orleans, Louisiana. Proceedings of the 26th Mississippi Water Resources Conference, 1996.

White, K., Hwang, H., Zappi, M., and Qasim, M., "The Fate of Hydrogen Peroxide as an Oxygen Source for the Remediation of Biologically Active Subsurface Treatment Zones," Proceedings of the 26th Mississippi Water Resources Conference, pp. 258-68, 1996.

Journal Articles:

Zappi, M., White, K., Hwang, Huey-Min; Bajpai, R.; "The Fate of Hydrogen Peroxide as an oxygen source for bioremediation activities within saturated aquifer systems", Journal of Air and Waste Management, 50: 1818-1830.
