

## **Curriculum Vitae**

Christopher James Kirkhoff

College Address: Brookhaven College, 3939 Valley View Lane, Farmers Branch, TX 75244

Work Phone Number: 972-860-4929

ckirkhoff@dcccd.edu

### **Education**

Indiana University of Pennsylvania, Indiana, PA

M.S. in Biology

Shippensburg University, Shippensburg, PA

B.S. in Biology

### **Teaching Experience**

McNeese State University, Lake Charles, LA – August 2008 – May 2015

Instructor – BIOL 101, 101L, 102, 102L, 105, 106, 226 (classroom); BIOL 101, 106 (online); FFND 101

Delaware County Community College, Downingtown, PA – June 2008 – July 2008

Adjunct Instructor – BIO 100

Bergen Community College, Paramus, NJ – January 2008 – May 2008

Adjunct Instructor – BIO 108

Neumann University (previously Neumann College), Aston, PA – January 2008 – May 2008

Adjunct Instructor – BIO 216; PHYSC 115

Ferry Beach Ecology School, Saco, ME – August 2004 – May 2005; September 2007 – November 2007

Senior Naturalist and Field Environmental Educator

### **Publications and Papers**

Dynamic water mite communities in southwest Louisiana, April 2013

Paper presented at the Southwestern Association of Naturalists Annual Meeting, Lake Charles, LA

Consequences of drought on mosquito-parasitizing water mite communities, March 2012

Paper presented at the Louisiana Academy of Sciences Annual Meeting, Alexandria, LA

Water mites on mosquitoes collected in three different aquatic zones in Southwestern Louisiana, February 2012

Paper presented at the American Mosquito Control Association Annual Meeting, Austin TX

A case of hyperparasitism: Larval water mites on mosquitoes, November 2011

Paper presented at Sigma Xi 2011 Annual Meeting & International Research Conference, Raleigh, NC

Mites on nocturnally-active adult mosquitoes in southwest Louisiana, February 2011

Paper presented at the Louisiana Academy of Sciences Annual Meeting, Monroe, LA

Ecological implications of mosquito ectoparasitism by larval water mites, October 2008  
Invited speaker at McNeese State University, Lake Charles, LA

Parasitism of adult Pennsylvania mosquitoes (Diptera: Culicidae) by larval water mites (Acari: Hydrachnida), April 2007  
Paper presented at the Commonwealth of PA University Biologists (CPUB) Annual Meeting, Erie, PA

Home range and habitat use of a colonizing fisher (*Martes pennanti*) population, March 2006  
Paper presented at IUP Senate Research Recognition Meeting, Indiana, PA

Northwestern Pennsylvania coyotes serving as helminth reservoirs, April 2004  
Paper presented at the Commonwealth of PA University Biologists (CPUB) Annual Meeting, Indiana, PA

Analysis of nitrate and potential flowpaths within a system of karstic spring creeks, March 2004  
Paper presented at the Mid-Atlantic Ecological Society of America Conference, Lancaster, PA
