University of Texas at Dallas Richardson, TX M.A. in Emerging Media and Communication	2012
University of Texas at Arlington Arlington, TX B.F. A. in Film	2005
Richland College Richardson, TX A.A.S. in Multimedia Web Design	2003

TEACHING EXPERIENCE

H. Grady Spruce High School – Dallas Dual Credit/Adjunct Instructor Dallas, TX As part of the Early College Program, I teach students college level courses on topics ranging from software manipulation to design principles as well as creating digital designs from concept to creation. As a member of the Early College staff I created an environment of high expectation that students took ownership of and then hold their peers to as well as monitoring and maintaining a computer lab, and recommending software that best facilitates student learning.	August 2015 - Present
Harmony Science Academy – Dallas Technology Applications Teacher Dallas, TX As a teacher, I assessed student's learning abilities and technology literacy level to create lessons that gave students the opportunity to apply what they learned in the classroom outside of the school. I used a combination of small group collaboration and project based learning strategies to help students learn skills applicable to college and professional working environments. As a member of the technology department, I monitored and maintained two computer labs, recommended software that best facilitated student learning, and assisted the staff in troubleshooting their technology issues.	August 2013 – May 2015
Bryan Adams High School/ Reinhardt Elementary School Student Teaching Dallas, TX During my internship, I worked as a full-time teacher at a culturally diverse elementary and high school. While working at both of these schools, I created and maintained a classroom environment that was conducive to different learning styles, sharing of ideas, and encouraging to students of all ages. I learned how to engage students in class discussions and help them problem solve academically.	January - May 2013
H.W. Lang Middle School Substitute Teacher Dallas, TX While temporarily replacing teachers, I taught core classroom concepts, judged student's academic growth in an area, and reinforce school discipline policies. I would also assist and observe teachers, learning how to create an effective learning environment and manage a classroom.	January 2009 – March 2010

RELATED EXPERIENCE

Marriage Mentors Ministry**March 2010 - January 2013**

Multimedia Specialist

Addison, TX

While I worked for this ministry, I was able to develop a plan to engage our partners through social media while maintaining the brand identity, I created and edited training and promotional videos, and designed support print materials used in conjunction with video and audio media for training, marketing, and fundraising events. I also earned a master's degree in Emerging Media and Communications, or New Media Studies, which discusses the way technology changes how we communicate and the impact of this new way of communication.

Oak Cliff Bible Fellowship**December 2006 – December 2008**

Web Administrator

Oak Cliff, TX

As a member of the Marketing and Development team, I maintained and reinforced the brand identity of the church online. I created a video presence for this ministry online, editing both video and audio for web friendly purposes. I communicated effectively ideas from concept to finished project and assisted in the print production of any print materials created by myself and others members of this department.
