### **Teaching Experience**

**The Art Institute of Tampa**, Tampa, FL  
Guest Lecturer, General Psychology 2008  
Taught three classes of general psychology to students in art programs. During the three courses of teaching, students were taught information about the field of psychology, as well as different functions of the brain, body, and environment.

**Florida Gulf Coast University**, Fort Myers, FL  
Teacher's Assistant 2004 -2005  
Under the supervision of Dr. Laura O'Sullivan, taught general psychology course to undergraduate students. During the course of two semesters, was responsible for complete content and grading of the course, including lesson plans covering stress, health, learning, and other topics highlighting the importance of psychology in everyday life. Activities were organized to reinforce comprehension, such as initiating and leading study sessions and providing individual tutoring. Worked closely with students in order to facilitate understanding, learning, and interest in subject matter. Provided students with answers to questions about the study and

directed them to the appropriate sources to further explore their questions about the field.
