RELATED EXPERIENCE

Commerce, Texas
Supplemental Instructor

August 2010-2012

Attended the lecture of the classes I was assigned to. Then I would hold 5 hours of time outside of regular class times where I taught the lesson again in the same format of class and let students ask questions. I worked extra examples for them if that was needed for them to understand what was happening. I held test review period to provide them additional time to study for the exams.

Commerce, Texas
Tutor

August 2010-August 2012]

I tutored from Beginning Algebra through Calculus 3.

Paper presented at the 2016 Annual Meeting of MAA Nacogdoches, Texas,
